## REVERENT HANDS LAY WILSON TO REST

**HOLLAND COMEDY  
BY HOME TALENT  
DELIGHTFUL SHOW**  
Kiwanis Musical Production  
Given Great Welcome  
Tuesday Night.  
**EXCELLENT CAST,  
CHARMING CHORUS**  
Tuneful Melodies And Many  
Bright Features To  
Commend Play.

Tuneful melodies, colorful scenes, and a variety of bright, snappy choruses selections combined to produce a "Windmills of Holland" a home talent musical comedy that well deserved the hearty plaudits of a large audience at the opening performance Tuesday night at the High School auditorium.  
For the opening night the Kiwanis and their friends offered one of the most successful home talent productions ever staged in Salem. The cast took their parts with ease and with an air of confidence and the costumes lent an air of reality to the entire production.  
From the moment E. Y. Burt appeared as Myndee Heertogenbosch, well-to-do farmer, in his opening song "Let It Be," with the chorus of pretty girls, until his triumphant entry as handmaster of the town band, when he seemed to reach the climax of his role, he stood forth as the real star of the comedy. And on every appearance, in song and speech and gesture, he was accorded the lion's share of applause.  
But sharing with Burt in these honors were several others, some of them winning their first laurels as stage stars in home talent productions in Salem. Miss Mary Melinger, as the farmer's wife, handled her part with ease and bewitching little Katherine Stratton, always a favorite, and Helen Flick, as the daughters of this Dutch family, received their full share of the honors, and they well deserved all the praise they received.  
Howard McCalmont made his first appearance before a Salem audience and he made a decided hit as Franz, friend of Hans, a music student taken most capably by Robert L. Wright. Elizabeth Miller, a debutante, added greatly to the success of the comedy and H. L. McCarthy's contribution as Bob Yankee, an American salesman, aided materially in carrying the whole story through to a successful conclusion.

**Other Attractions**  
Solo and chorus selections in the first and second parts brought out to advantage the tuneful melodies which make this comedy so appealing. The second part, presented as a surprise, found Mr. McCarthy in the role of host, offering entertainment for the benefit of the Dutch farmer friend and his wife. The quartet, composed of E. Y. Burt, Ralph Snyder, R. L. Wright and Howard McCalmont, which sang "My Wonderful One" and "That Old Gang of Mine" with many choruses.  
A Dutch dance by Miss Greta Wensley, who appeared in the wooden shoes worn by Hollanders, was very clever and entertaining as was the solo dance by Miss Helen Stewart. Harold Babbs sang "A Voice With a Smile" and two Hollanders sang two songs accompanied by a mandolin.  
Elder Voncken's selections on the xylophone were appreciated, and a touch of humor was added when E. E. Enderlin, in behalf of employees of the Victor Store Co. presented W. W. Brown with a beautiful bouquet of roses.  
"Windmills of Holland" presented under the direction of George R. Ebert of Indianapolis, is one of the most delightful home talent productions ever attempted in Salem. It will be repeated Wednesday night and those who failed to see it Tuesday night should not miss this second opportunity.  
The play is being given as a benefit for the tourist camp to be opened in national park by the Kiwanis club.

**EXPECT 100 MEN  
AT CHURCH DINNER**  
Ninety to 100 men of the Salem churches are expected to be at a banquet Thursday evening at the First M. E. church at which a federation of churches of the city will be effected. Officers will be elected and a constitution adopted.  
While the banquet is especially for the officials of the churches any man interested can go. Dr. Armstrong of Canton will give an address.

**Juniors Preparing  
To Present Comedy**  
Preliminary plans are being made for the Junior class of Salem High School for the comedy, "Dear Me," which will be presented to the public on Feb. 23 and March 1. The cast will be picked soon by L. T. Drannen, who will direct the play.  
The play is the one in which Grace L. Rine, at a Hotel Hamilton, first met the author. The authors are Luther Reed and Hale Hamilton.

### Telling World That Wilson Is Dead

Admiral Cary T. Grayson, U. S. N., physician of Woodrow Wilson and probably his most intimate friend, is shown with tears streaming down his face and his voice broken with sorrow, as he tells Washington correspondents in the doorway of Mr. Wilson's S. st. home that the great war president is dead.

### Teacher In The Philippines And China Tells Travelers Club Interesting Incidents

In an unusually interesting and entertaining manner Miss Grace Miller, of Pittsburgh, who has traveled around the world, taught in a high school in the Philippine Islands and also in a men's university in China, told her experiences in the Orient to members of the Travelers club and their invited guests Tuesday afternoon at the Presbyterian chapel. It was the annual Guest day of the club.  
On this "trip" Miss Miller took her auditors by the way of Japan. She stated that as one comes into the port of Yokohama she is amazed at its fortification.  
"It seemed like an unreal land and looked like one in a story book with its 'toy' houses. The people there are busy and very industrious. Every inch is cultivated," according to Miss Miller.  
Most of her talk was devoted to her experience in the Philippine Islands, where she first taught in a government high school in an anti-American city and a center of Catholicism. She said all the students wanted to sit on the front seats as they thought they could learn better, if they were near the teacher. Some wearing apparel of the natives was exhibited by Miss Miller. The married and unmarried women were distinguished by the way they folded their collars.  
Her second year was spent in the mountains among the old head hunters. She described the head hunting hatchet and also gave a description of a head taking celebration in one of the villages in the mountain, while on a walking trip. She stated that the

### MAYOR COLLECTS \$1,719 IN FINES. MOST FOR BOOZE

Mayor J. B. Schaeffer has begun his administration with the proverbial bang as far as fines are considered. In his first month as the city's chief executive he collected one-sixth of the \$10,000 that the city needs to meet expenses by July 1.  
To be exact, Mayor Schaeffer's report for January showed that he collected \$1,719 in fines and licenses. Fines for possession, manufacture, and implements to manufacture, intoxicating liquor reached a total of \$1,324, the bulk of the amount collected. Other amounts are:  
Gambling, \$332.40; intoxication, \$306.69; licenses, \$32. Mayor Schaeffer collects costs on cases now.

### Akron Council Votes To Support Mayor In Bus Service Battle

Akron, Feb. 6.—Akron's city council voted yesterday to stand with Mayor Rybolt in his efforts to motorize transportation here.  
The fight originally was over five-cent fare, the transit company demanding two cents more. Now the struggle is to replace the street cars permanently with busses.  
In addition to voting their support of the mayor, for a fair test of the experiment of motorization, council also appropriated \$2,000 to pay preliminary expenses of organizing the service into a co-ordinated whole, which will be able to furnish service to the 125,000 persons who formerly depended on the street car.

### Auditors Confer Over Reappraisal

County Auditor Charles E. Hamilton has left for Columbus to attend a meeting of the 88 auditors of the state, during which time conferences will be held with representatives of the state tax commission on questions having to do with the reappraisal of property.  
Almost daily lots of new blank forms are being received by Mr. Hamilton to be used in the reappraisal.

### Young, Star Giant Held Out

New York, Feb. 6.—It was reported in baseball circles today that Ross Young, star outfielder of the New York Giants, is a hold-out. Young received his 1924 contract more than a month ago but to date nothing has been heard from the player at the Giant office.

### ARTISTIC ABILITY NOT APPRECIATED, BOYS SUSPENDED

Paint has proved the undoing of five students at Salem High school.  
Supt. Alan reports that five boys are indefinitely suspended from school because, in the still of one recent night, they decorated the walks in front of the building with the numbers of their class.  
Due to this beautifying attempt on the school's property, and because color wars are now outlawed at the Garfield Ave. institution, these five boys are now enjoying an enforced vacation to lumber up from their nocturnal labors.

### TAXI MEN SHOW THE GERMANS HOW TO HONOR WILSON

Place Flag At Half Mast On  
Embassy Lawn, Then  
Police Arrive.

Washington, Feb. 6.—Refusal of the German government to put its embassy flag here at half staff in honor of Woodrow Wilson resulted in a demonstration in front of the embassy building early today and the calling out of police reserves.  
Just before dawn nearly 150 taxi drivers, including many ex-service men, assembled at the German embassy, 1435 Massachusetts Ave., and planted a pole in the front lawn, with an American flag at half mast.  
Ambassador Otto Wiedefeldt and his staff first became aware of the demonstration when a pistol shot—fired by some one in the crowd—awakened them.  
Peering from the front windows, they saw the crowd milling around the avenue, and immediately telephoned for the police.  
When the reserves arrived in patrol wagons and automobiles, the assembled taxi drivers began singing "The Star Spangled Banner."  
The policemen all stood at attention, and when the singing was over, ordered the taxi drivers to disperse. They did so, leaving the flag, which was later removed by the police. No arrests were made.  
"We intended no harm to the embassy or its officials," one of the taxi drivers said. "We only wanted to show them how to properly honor a citizen of the United States."  
Announcement was made at the embassy this morning that the flag would be half-masted at 12:30 p. m. when all government departments close in accordance with the executive order of President Coolidge.

### NEW POOL TABLE STIRS QUIET OF QUAKER VILLAGE

The quiet community of Damascus is all wrought up over the opening of a pool room Tuesday night, it being said that this is the second time in the history of the Quaker settlement that a pool table has been opened to play.

A petition has been circulated to have the pool game stopped, but so far the effort has been of no avail.  
The first pool table to be taken into Damascus is said to have been in a club room, but this was many years ago. Finally the club disbanded and the table was taken away.

Tuesday night, however, a pool table was opened for play, but for the public. As a result the residents of Damascus are virtually up in arms.

### PAXSON CANDIDATE FOR COMMISSIONER

Charles E. Paxson of Salem, who in Lisbon Monday, announced his intention of becoming a candidate for county commissioner on the Republican ticket. He has been a trustee of Perry township for several years. There will be two commissioners to elect at the November election and about eight names have so far been announced in this connection.

### Slemp Heads Virginia Coolidge Delegation

Washington, Feb. 6.—Bacon Slemp, secretary to President Coolidge, will head the Virginia delegation in the Republican national convention. It was learned today at the White House.  
Slemp was one of the four delegates at large chosen by the Republican state convention yesterday in Roanoke, Virginia will have a total of 10 delegates, all pledged in President Coolidge.

### Legion And Kiwanis Plan Joint Banquet

The Lisbon Kiwanis club and members of John Welch post, American Legion, of Lisbon, will meet in their first annual joint banquet, which will be given in the Grand Army hall, Lisbon City building, Wednesday evening, Feb. 20. Several speakers will be heard from the event.

### CITY EXTENSION PETITION GIVEN TO COUNCILMEN

Requests City Council To  
Determine The Pro-  
posed Extension.

### TOWNSHIP, CITY CAUCUS PLANNED

Resurfacing And Extension  
Of High St. Urged In  
Second Petition.

The Salem Chamber of Commerce through the municipal committee placed two petitions, drawn up by that body at a meeting some time ago, in the hands of city council Tuesday night.

One petition asks that council consider the resurfacing of High st. The other seeks to have council extend the city limits, something that has not been done for 46 years.

E. M. Peters, chairman of the municipal committee of the Chamber of Commerce, appeared personally before council and presented the petitions, explaining them, and answered several questions.

### Extension Petition

"The Chamber of Commerce of Salem, Ohio, through its municipal committee, hereby petition you to consider the extension of the boundaries of said city as indicated on a map which accompanies this petition."

O said map the proposed boundary line on the west does not fully indicate the ideas of your petitioners, but they believe that you would be justified in placing this new boundary line at the half-section line.

"However, this committee desires to leave with you the final selection of all extensions, and they hereby state that the lines as indicated on the map above referred to are only intended to be tentative suggestions and we pray that you will give them such consideration as you in your judgment believe will best serve the interests of our city."

The map referred to in the petition is one prepared by City Engineer J. B. French with the help of Former Service Director J. B. Bristol for the committee. It shows the proposed extensions on the paved roads leading into Salem, those roads being Elmworth, Roosevelt, McKinley and Lincoln Ave. extensions.

The Chamber of Commerce thus wants council to determine the amount of extension, if made, and only suggests that such action be taken by council.

### Will Call Conference

Mr. Peters, in explaining the petition to council, stated that 46 years ago the city extended its territory. (Continued on fourth page.)

### CONSIDER SEWER FOR PARK STREET

Petition Referred Back To  
Committee To Obtain  
An Estimate.

The sewer petitioned for by residents of Park st. has not yet been decided on by city council. It was referred to the sewer committee some time ago, and Tuesday night Chairman Charles Baker reported that because of the condition of the city treasury no action had been taken on the petition.

Councilman William Probert moved that a record of such requests be made on the minutes so that petitioners would know that their petition had been considered.

The Park st. petition was then referred back to the sewer committee and engineer, and an estimate was asked by council.

It was pointed out that as the city owns the west side of Park st., it might be very expensive, and this is believed to be a barrier to any legislation on the matter.

### SOAP MIXING MACHINE MADE IN HUNT'S PLANT

Hydro-Mixer, Improved By Nathan Hunt's Patent, New  
And Promising Product Of Salem Plant; Other Products.

By H. P. BRAMAN  
Found—Another promising industry in the making in this town. It is the business of making soap mixers, along with a number of other important products.

That rather unromantic name for a machine—"soap mixer"—is more than that. It is the Hydro-Mixer, a new machine that mixes soap with hot or cold water for use in public buildings or wherever a soap mixture is needed.

Several years ago a man in Cleveland by the name of John Overbeck and by the name of John Overbeck invented a new way to mix soap, to save a percentage that was going to waste when big quantities were used. He also wanted to do away

### INTIMATE FRIENDS ALONE GATHER TO PAY LAST TRIBUTE

No Clattering Military, No  
Dirgeful Bands, No Pomp  
At Service Today.

### NOT EVEN EULOGY SAID AT HIS BIER

Never Has Great American  
Been Buried So Simply  
As Woodrow Wilson.

Washington, Feb. 6.—On the heights of Mount St. Albans, commanding the scenes of his greatest triumphs and his profoundest tragedies, reverent hands laid to rest today Woodrow Wilson, America's great war president, whose spoken word once decided the fate of empires, and changed the history of a turbulent world.

Within sight of his final resting place towers the great monument erected to the memory of Washington, the founder, the jewel-like memorial to Lincoln, the emancipator, and further on the modest little tomb that marks the eternal sleep of the unknown soldier, a trinity of memories that shall be forever hallowed in America.

For Woodrow Wilson there was no last sad march down historic Pennsylvania Ave., no clattering military, no muffled drums and dirgeful bands, no pomp, no pageantry of a nation's sorrow.

In life he had participated in more of those memorial marches down the avenue than ordinarily falls to the lot of presidents, and in death he sought only the peace and quietude that comes when tired men fall asleep.

There was not even an eulogy of him at his bier. He had not wished it. In life he was eulogized and criticized as had been but few of his predecessors and it was his wish that the eulogies paid him this final day be spoken only in the hearts of his countrymen.

### Marked "Way To Peace"

In life it had been peace he sought. He put 5,000,000 men under arms and sent them to war seeking it, and in death at last he found it. The last earthly door through which his war-worn body was borne this afternoon was marked "The Way To Peace." The words were chiseled in the cold stone, a reminder that death brings sometimes what life has refused.

The little chapel in which his spirit was consigned to time's keeping, was, appropriately, Bethlehem chapel. On its walls and windows were depicted the life story of the Prince of Peace, all mankind's long struggle for attainment.

Never had a great American been buried so simply. Present there about his bier this bleak February afternoon were only those his family wished. There was none of that mad scrambling from points of vantage that has marred solemn occasions in the past.

There were friends of a lifetime there, his college classmates, his children, his intimates, without regard to rank or station and finally there was the president of the United States, and selected few of the government over which he long presided.

The presence of the latter was the only reminder at the tomb itself of the high place Woodrow Wilson held.

More than a dozen motor trucks full of flowers left the Wilson home for the cathedral at noon. The floral offerings amounted to such proportions that it was feared that there could be no room in the house for those attending the funeral.

### PLAN PILGRIMAGE TO MCKINLEY TOMB

Scouts And Friends Meet  
Friday For Anniversary  
Program.

The 14th anniversary of Scouting will be celebrated by scouts all over the country at their birthday meetings held simultaneously Friday evening, during which, at an appointed time, every scout in the United States will stand at attention and renew his scout pledge.

Salem scouts will assemble with their parents and friends, in the Chamber of Commerce rooms promptly at 7:30 for the rally and an interesting program.

Efforts are being made for a scout pilgrimage to the tomb of the late President McKinley on Saturday afternoon but if this cannot be arranged, a local hike will be provided, starting from the Chamber of Commerce at 2 o'clock.

Scout Sunday will be observed in a farewell service for Rev. F. S. Eastman, at the Episcopal church, in the evening as an expression of appreciation of his active interest in the local scout program during his residence here.

Rev. Eastman is arranging a special service for the occasion and invitation is extended by the Scout Council to all Girl and Boy Scouts, with their friends, to attend, at 7:30.

In rural schools only 35 per cent of the have supervisors for physical education.

## 20 YEARS AGO

(Issue of Feb. 6, 1904)

The Greiner-Brannard will con-

Feb. 13. Notices were posted to in-

effect this morning. The house-

of the house will be sold, Landord

Thomas announces. The lease ex-

pires March 4.

A sleigh driven by Frank Tabor

was overturned Friday morning on

Main st. No damage was done other

than the spilling of Mr. Tabor and

some country produce.

Washington Senator M. A. Hanna

is ill of typhoid fever, it was official-

ly announced this morning.

Aaron H. Wilson, one of Salem's

oldest residents, and widely known,

was taken suddenly and seriously ill

Thursday night. For years he con-

ducted a livery stable on North

Lundy st.

Carloads of exhibits, it is announced

are arriving daily at the World's

Fair grounds. One of the attractions

will be a Colorado coal mine in op-

eration. It will show nearly 500 feet

of underground workings.

It has been found necessary to

order a new and larger chair for the

cabinet room since William H. Taft

took the oath of office as secretary of

war.

Women of the local Pocahontas

lodge, which gave a very successful

Leap Year ball about a week ago, are

now preparing for a calico Easter

ball, April 4.

The plant of the Grove company

has been closed since before the hol-

idays. It is understood it will be re-

opened next Monday.

Miss Nora Fuller passed through

this city Friday on her way home to

Whatehor, Ia. She had been visit-

ing in Lectoria and Washingtonville

since early in December.

The retail clerks union met Thurs-

day evening in Labor hall. By-laws

were read and adopted.

Among the Bakoko tribe in Portu-  
guese West Africa it is customary  
for a man to see his mother-in-law after  
the wedding feast. If ever they meet  
afterward the one who sees the other  
first has to pay a heavy penalty in  
silver or salt.

### Famous Old Recipe for Cough Syrup

Easily and cheaply made at home,  
but it beats them all for  
quick results.

Thousands of housewives have found  
that they can save two-thirds of the  
money usually spent for cough prepara-  
tions, by using the well-known old recipe  
for making cough syrup at home. It  
is simple and cheap but it has no equal  
for prompt results. It takes right hold  
of a cough and gives immediate relief,  
usually stopping an ordinary cough in  
24 hours or less.

Get 2½ ounces of Pinex from any  
druggist, pour it into a pint bottle and  
add plain granulated sugar syrup to  
make a full pint. If you prefer, use  
clarified molasses, honey, or corn syrup,  
instead of sugar syrup. Either way, it  
tastes good, keeps perfectly, and lasts  
a family a long time.

It's truly astonishing how quickly it  
acts, penetrating through every air  
passage of the throat and lungs—loos-  
ens and raises the phlegm, soothes and  
heals the membranes, and gradually but  
surely the annoying throat tickle and  
breathless cough disappear entirely. Nothing  
better for bronchitis, spasmodic croup,  
hoarseness or bronchial asthma.

Pinex is a special and highly concen-  
trated compound of genuine Norway  
pine extract, known the world over for  
its healing effect on the membranes.  
A real disappointment by asking your  
druggist for "2½ ounces of Pinex" with  
full directions and don't accept anything  
else. Guaranteed to give absolute satis-  
faction or money promptly refunded.

# RADIO

(Edited by G. Douglas Wardrop, Editor of Radio Merchandising)

A High Signal Intensity Equal to Four Tubes Is Obtained From This Two-Tube Reflex Outfit.

The principle of the reflex circuit depends on the ability of a three-electrode vacuum tube to permit currents of different frequencies to pass through it at the same time. The frequencies of the currents induced in a radio antenna system are very rapid, varying in value from about 500 to 1,000 kilocycles per second, depending on wave lengths. This current in the antenna system is generally termed the radio frequency current. In a reflex system these radio frequency currents are usually amplified to increase their intensity before impressing them on the rectifier or detector, which converts these high frequency currents into currents of audible frequency. After rectification these currents are then amplified as were the radio currents by a three-electrode vacuum tube. Here lies the particular advantage of the reflex system over other systems.

In other systems, after rectification the rectified radio or audio currents are amplified by additional tubes for this purpose. In a reflex system these input radio frequency currents are rectified by the tube which is impressed back on the tubes which amplified them at radio frequency, and when rectified are reamplified at audio frequency before being passed on to the receivers or loud speaker to be converted to sound waves.

There are a number of methods of utilizing the reflex principle, among which are the type of reflex wherein the reflex action proceeds from the input to the output tube in direct progression and where the reflex action is performed in more than one tube. Then there is the so-called inverse duplex system wherein the reflex action is not progressive, but is inverted back toward the input tubes. In the Erla circuit the reflex action is progressive from the input, but is only utilized in one tube. Due to the complexity of controlling radio frequency it is not possible to successfully stabilize a system wherein the reflex action is included in more than one stage. It is not a matter of balancing the loads in the various tubes, as it can be readily seen that the loads caused by any radio signals on the tubes in these circuits are never such that the few

micro-watts of radio signals additionally impressed upon them would overload them as has been many times stated.

In general there are practically two forms of using vacuum tubes as radio frequency amplifiers, i. e. the coupling transformers may be either tunable or fixed. The tunable type transformers are so designed that they may be tuned, usually by a variable condenser. In the other type the transformers cover a certain range without tuning. The latter are "broad" and make for unselective reception.

It is imperative that if selectivity is to be had where radio frequency amplification is employed the coupling transformers must permit tuning adjustment by a variable tuning device such as a variable condenser. Because the transformer is actually tuned to the signal with this type of radio frequency amplification, not only great selectivity is obtained, but greater amplification is likewise secured.

Either a vacuum tube, two or three electrodes, or any of the many forms of crystal rectifiers of high frequency currents can be used as a rectifier, we are told. However, in a reflex circuit, due to the particular location in the circuit and inherent characteristics of the detector, a crystal rectifier will be more satisfactory. By the use of the proper crystal rectifier an excellent controlling effect on the stability of the entire circuit may be had. This feature is not generally known, but is demonstrated in the stability of the circuits using this form of a detector.

Not every crystal rectifier which might possess high rectifying properties will be found the best for this purpose, due to the fact that the crystal can be made to provide a stabilizing effect on the reflex action of the circuit. The fixed type of crystal naturally requiring no adjustment, if correctly designed, affords the best form of rectifier for the reflex circuit.

Another point of interest is the fact that not every audio transformer can be used in a reflex circuit. In a reflex circuit the audio transformer is associated with the radio frequency currents of the circuits and requires a design and construction differing from the regular audio transformer.

## SPECIAL SESSION UP TO SOLONS

Governor Donahey Declares He Will Not Issue Call.

### CITIES SEEK FINANCIAL RELIEF

Attorney General In Letter to Legislative Leaders Urges Special Session to Authorize Probe of the State Securities Division—Farmers' Week at Ohio State University a Notable Event—State Matters.

Columbus, Feb. 5.—A special session of the general assembly will not be called by Governor Donahey to consider financial relief for cities or to modify the enabling act providing for a new state office building. The governor made this statement at a conference of the state building commission with a committee of the Columbus chamber of commerce, to discuss the location of the new state office building. He declared he would not call a session so long as the legislature itself has the power to reconvene.

At the conference it was made known that the Ohio Association of Real Estate Boards is sending a letter to the governor and leaders of the general assembly urging that the lawmakers return in session to reconsider the Tax Act, House Bill 54, passed by the Eighty-third general assembly, to authorize cities to vote emergency tax levies. The law expired automatically Jan. 1. The real estate boards, according to J. E. McCreesh, president, want the law reenacted for the present year to relieve financially embarrassed cities until the next regular session of the legislature.

The chamber of commerce committee is opposed to building on the state house grounds, the proposed "tower improvement," or the erection of an office building on the old city hall site, General Edward Orton, committee spokesman, told the building commission.

Orton suggested that a commission open up the entire question by instructing its committee of architects to consider the possibilities of development east of Third street. He advocated securing of the entire block between Broad and State streets extending east from Third to Fourth street. The land alone, he estimated, would cost \$5,000,000 or \$6,000,000.

Attorney General Crabbe pointed out that this proposal would require additional legislation, inasmuch as the funds available would not be sufficient to buy the land. Virtually the only plan that can be followed, Crabbe added, without additional legislation or amending the present enabling act, is that of building an office building on the old city hall site.

The conference ended after the building commission had agreed to instruct its committee of architects to consider the proposed eastward development and to submit plans and estimates. The architects are to report this week on the estimated cost of the proposed "tower plan," and also their recommendations as to the best development possible on the state house grounds.

The legislative leaders have been requested by Attorney General Crabbe to reconvene the lawmakers, now in recess, and to authorize a special legislative investigation of the state securities division. In his letter Crabbe said there is urgent need for "a thorough investigation of the 'blue sky' department by a nonpartisan committee."

Crabbe's announcement follows charges of alleged bribery against an employee of the securities division. Evidence obtained in this investigation has been turned over by Crabbe to Prosecutor King of Franklin county, with recommendation that a special grand jury be called.

Crabbe also has recommended to King that a probe be made of the certification and sale of stock in the Neil House company here, affairs of which are now in court in a receiver ship proceeding. "I believe the legislature should reconvene and appoint a committee to investigate the operation and administration of the securities division in the last several years," said Crabbe.

In the seven years since the supreme court upheld the constitutionality of the "blue sky" law, it was estimated by Crabbe that the people of Ohio have lost \$250,000,000 in questionable stocks and securities issued and sold with the permission of the securities division.

Prosecutor King said that his office is starting work at once on investigation of activities of the securities division, the investigation being preliminary to calling of a special grand jury session.

The attorney general's letter was sent to Senator Kryder, Republican floor leader in the upper house, and Representative Robert Dunn, speaker of the house; Senator James P. Atwood and Representative Barry Silver, chairman of the finance committees of the two bodies, and the clerks of the two houses, who were empowered by the resolution of recess to

## Flu Left Mrs. Abbot In Dangerous Condition

"Yes, indeed, I am a staunch friend of Tanlac," declared Mrs. Lena Abbot, 5129 Section Ave., Cincinnati, O. recently.

"In 1918, I had the flu so bad that for a time I was unconscious. It left my entire system 'out of kilter,' so weak I could hardly walk across the room and so dizzy I had to catch hold of a chair to keep from falling. Nervousness kept me from sleeping right, soured my stomach, and palpitation made my head so distressing I was hardly eating anything and I lost weight steadily."

"It was astonishing the way Tanlac relieved my troubles and built me up. I started eating so heartily that I gained twenty-one pounds, my nerves quieted down so I could sleep well, and my strength and energy increased wonderfully. Tanlac means health and happiness to me, and I will praise it always. My husband was greatly benefited by Tanlac, too."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills

## 42 MINERS PERISH IN FLOODED MINE

Only Seven Escape When Bottom Falls Out Of Small Pond.

Crosby, Minn., Feb. 6.—Forty-two miners perished when the bottom fell out of a small pond and flooded the workings of the Milford iron mine near here Tuesday.

Caught in the lower levels of the small mine, only seven of the crew of 49 at work were able to gain the safety of a skip and ascend to the surface.

Like rats in a trap their comrades died, suffocated by the slimy mud and water that gushed through the workings, soaring in the shaft within a few feet of the top within fifteen minutes.

"These was no extended warning; just a rumble like a thousand automobiles roaring down a distant road," one survivor said.

Then the leaping black wave of death engulfed them. Battering its victims against the walls.

## TAKE ROAD PLANS TO STATE CHIEF

The county commissioners left for Columbus Tuesday, where on Wednesday they planned to have a conference with State Highway Commissioner L. A. Beasley relative to the road program for Columbiana county for 1934.

Federal aid has been asked on the Wellsville-Salineville rd. in Washington township, also on the Salem-Lisbon rd. north of Lisbon and on the Lisbon-Canton rd. in Hanover township between Kensington and East Rochester.

## Mrs. Garside Chosen National W. R. C. Aid

Mrs. Laura Garside, member of the Woman's Relief Corps, has been honored by being appointed National Aid of the corps. This appointment is made by the national headquarters. The corps and its allied orders will celebrate Lincoln's and Washington's birthday anniversaries Wednesday evening, Feb. 20. A committee composed of members of each order will meet at 7 p. m. Friday, Feb. 15 to complete plans for the event.

## That's Right, Say "I Want CELERY KING"

Take a cup to regulate your bowels to purify your blood and make you strong so you can withstand an attack of grippe if it happens to come along this winter. It's one great vegetable laxative and it won't cost you but a few cents to find it out. Children like it.

## Travelers Musical Program

Every number of Tuesday's delightful program at the Travelers club meeting, which was all music, with the exception of Miss Miller's talk, arranged by Miss Eugenia Sulist, was much enjoyed. These selections presented by talented musicians of Pittsburgh were a rare treat. The entertainers were Mrs. Hazel Peck Speer, pianist; Mrs. M. R. Sulist, soprano, and M. R. Sulist, cellist, the latter formerly of Salem. Here are the numbers:

"Romance Sans Paroles" (D. Von Goens) and "Chanson Tristie" (P. Tschakowsky), Mr. Sulist and Mrs. Speer; "Prelude C Sharp Minor" and "Etude, A Flat" (F. Chopin), Mrs. Speer; "Im Volkston" (Hindemith), and "Caro Mio Ben" (Gjordanix), Mrs. Sulist and Mrs. Speer, with cello obligato by Mr. Sulist; "Intermezzo, E Flat" (J. Brahms) and "Pompades Fan" (Charles Cadman), Mrs. Speer.

## Carnegie Club

Members of the Carnegie club were entertained Tuesday evening by Miss Helen Patsch in Alliance. The social hours were spent with fancywork as the main diversion. Musical selections were enjoyed and lunch was served by the hostess. In two weeks the club will meet again.

Bridge was a pastime when a group of women who are club associates were entertained Tuesday evening by Mrs. Clyde Reich at her home East Fourth st. The honors were awarded Mrs. Rollin Finley and Miss Myrtle Winkle. The hostess served a lunch.

## Edna Thomas Society

Mrs. Frank Griffin was hostess to members of the Edna Thomas society of the M. E. church Tuesday evening at her home, South Union st. Miss Helen French had the devotionals and one new member was added. A social period followed the meeting.

The first Tuesday in March, Mrs. Frank Stouff, South Union st., will receive the members. At this time the new study book will be taken up.

## Dinner Party

Mrs. Leland Longshore of Alliance Miss Martha Billingsley, Mrs. Le and Firestone, Mrs. Russell Hendricks and Mrs. Harry Rolter of Lisbon were the out of town guests when Mrs. H. H. Hickling entertained a group of friends at 6 o'clock dinner Tuesday evening at her home, Ellsworth ave. The after dinner hours were spent in playing bridge with high score prize going to Mrs. Le and Longshore.

## Blue Bird Class

Members of the Blue Bird class of the First Friends church enjoyed a potluck supper Tuesday evening at the home of their teacher, Mrs. Fred Capel, Ellsworth ave.

At the business meeting, these officers were chosen: President, Edith Ward; vice president, Martha Park; secretary, Isabel Derr; assistant secretary, Doris Parsons; treasurer, Zelma Hein. A social period with music added pleasure.

## At Reynard Home

Mr. and Mrs. W. L. Reese of Youngstown and Mr. and Mrs. C. W. Kaminsky and family were entertained at 6 o'clock dinner Tuesday evening at the home of Mr. and Mrs. H. W. Reynard, East School st. After dinner the party attended the show "The Windmills of Holland," which was given by the Kiwanis club.

## At Campbell Home

At "500" the hours were passed at a meeting Tuesday evening of the club associates of Mr. and Mrs. L. D. Campbell, Garfield ave. Honors went to Mrs. Campbell and J. A. Noble. In two weeks the losers in a series of games will banquet the winners.

## Mrs. Snyder Hostess

Mrs. Lawrence Beardmore, and Mrs. Rhy Bartholomew shared honors at bridge at an assembly of club associates at which Mrs. Charles Snyder presided Tuesday afternoon at her home, Broadway, Mrs. Leo Winkler, East High st., will be hostess at a meeting in two weeks.

## Harriet Watt Guild

The monthly meeting of the Harriet Watt guild of the Church of Our Saviour will be held Wednesday evening at the parish hall. Associate hostesses for the social hour are Mrs. F. S. Eastman, Mrs. L. G. Harris, Mrs. Earl Spickler and Mrs. Phebe Gardner.

## Rosebud Class

A Valentine party at the home of Catherine Litty, West High st., was enjoyed by members of the Rosebud class of the First Friends church Tuesday evening. Games and music were pastimes and a pleasing lunch was served.

Norma Daugherty, little two year old daughter of Mr. and Mrs. Lawrence Daugherty, Albany, who is ill of pneumonia, is reported to be getting along as well as can be expected.

Wilmer Satterthwaite returned to Ohio State university Tuesday after spending a few days' vacation with his parents, Mr. and Mrs. L. H. Satterthwaite of Winona.

Miss Jane Barton, Cleveland, and Robert Thomas, of Willoughby, are spending the week with their parents, Mr. and Mrs. A. C. Barton, Ohio ave.

Mrs. Richard Fenstermaker, of McCallsville, but formerly of Salem, who has been quite ill, is reported by relatives to be greatly improved.

Mrs. Harriet Smith, of Youngstown is a guest at the home of Mrs. Oscar Mellinger, Vine st.

## Harding Memorial Funds Are Received

Lisbon, Feb. 6.—Community Chairman John C. Hassler of the Harding Memorial association, have turned over to County Chairman Charles C. Council \$247.19 as the contribution to

this cause from Lisbon and Center and Elkrum townships. The Kiwanis club of Lisbon contributed \$1 per member, and the donations from the Lisbon schools totaled \$26. Chandler and Elkrum school children contributed \$37.

## STORM FROM WEST MOVING SLOWLY

## Heavy Snow Is Falling In Chicago After Night Of Blizzards.

Washington, Feb. 6.—The storm that was central over Indiana Tuesday morning has continued to move slowly northeastward and now has two centers, one over Lake Huron and the other over the southern New England coast, the United States weather bureau announced today.

Cloudy weather and snows were predicted for today and Thursday in the Ohio valley, the lower lake regions to the middle and north Atlantic states and the temperature will fall generally.

## Heavy Snow Falling

Chicago, Feb. 6 (By Radio)—No Wire Communication.—After a night of blizzards, heavy snow was falling today and the weather bureau said that it would continue for another 24 hours.

Patched up communication lines were making efforts to clean up the accumulated business of three days. Telephone and news service today. Also the Western Union had most traffic held up. The city receives its news by radio.

Radio stations operating the Tribune service were distributing the news to other cities cut off from Chicago.

## Killed In Attempt To Shoot Policeman

Cleveland, Feb. 6.—A man identified by papers in his pocket as Sin. Bizzell, Waycross, Ga., is dead today, as a result of an attempt to shoot Patrolman Emil Michovsky. His gun misfired twice.

Michovsky as he dodged to escape the gunman's efforts to kill him, pulled his own gun shooting Bizzell dead.

## Damascus Lodge Host To 100 Odd Fellows

At a district meeting of Odd Fellows held in the rooms of Damascus lodge No. 536 Tuesday night, there were visitors from lodges in East Palestine, Columbiana, Washingtonville, Leetonia, Salem, Schelling and Alliance. More than 100 attended. A number of brief addresses were made.

## NEW STORY BY MARK TWAIN

Harpers Have It but It Will Not Be Published For Two Hundred Years.

A great treat is in store for the lovers of books who are on earth two hundred years from now. They will have a fresh story written by Mark Twain. Persons living nowadays never will know what the master wrote in this story, for it is sealed and is not to be read or published until two centuries have elapsed.

The Harpers, who are moving their printing house from Franklin street to their new building uptown, possess the precious manuscript. In moving desks around in their old quarters the other day they found one with a secret drawer. When this was opened a sealed package was found in it, and a note written on it said it contained a story or article by Mark Twain and was not to be opened or published for two hundred years.

That is all that is known about it. The package is in possession of the Harpers, who will doubtless carry out the writer's intentions. It will remain unopened until well into the Twenty-second century. Then the citizens of this world will have something good to read.—Cleveland Plain Dealer.

## TORTURED TO GAIN BEAUTY

Fashionable Parisiennes Now Have Their Noses, Eyebrows and Lips Treated by Specialists.

Parisiennes are going to such lengths to achieve beauty as quite to put in the shade the painful operation of "dimpling" (making a hole in the chin by means of a drugged needle). Many women think nothing of having their noses broken and reset in a different shape, says a Paris correspondent of the Washington Post. Others actually have the eyebrows moved upward or downward as the fancy dictates. This necessitates a complete removal of the hair and either a false or forced growth in a different position or makeup.

One beauty expert, who undertakes to change the form of a woman's lips, has performed many operations. His latest experiment is to make the upper lip turn up, giving it an alluring pout. To do this he stretches a thin hair from the upper lip to the tip of the nose. This effect, naturally, is limited to actresses, who use it on the stage only. Some fashionable women are being laughed at for their insistence on having their noses changed.

## Her Version of Concert.

A little girl to whom the wonders of evening dress were quite unknown was taken to her first evening concert. On her return home she was asked what the concert was like.

"Oh," she said, "it was very funny. There was a lady screaming because she had lost her sleeves and a waiter played on the piano all the time."

## STUDENTS DEBATE SQUAD IS CHOSEN

World Court To Be Debated When Varsity Teams Are Selected.

The debate squad of Salem High school has been picked by L. T. Drennon, the coach.

The prospects for a real winning team are very high. Besides Elizabeth Speidel, Willa Cone, Neil Grisez and Edward Heck of last year's varsity team, the following are on the squad: Lowell Caplan, Helen Flick, Harold Longs, Thurlie Thomas, Cara Patten, Julia Patten, Irene Stutz, Helen Reitzell, Lewis Platte, Edeas Hendley, Cecelia Shriver and Ralph Kircho.

"Resolved, That the United States should enter the permanent court of world justice under the conditions stated by the late President Harding," will be the subject for the tryout speeches which will determine who will make the varsity teams. Mr. Drennon will pick the teams in about a week.

Wellsville has been scheduled for a debate with the local team, Carrollton is a prospect but as yet, has not stated finally whether it will accept the invitation which Salem High has extended.

## YOUTH READS SERIOUS BOOKS

Popularity of Today's Novels in Twenty Years Is a Matter of Doubt.

Will the youngsters of today, when they reach maturity, adopt as their literature the so-called realism of the moment and look upon the frank novels of the newest school of writing as the best standards in literature, or will they return to the books of the Victorian era? What the youth of today will esteem in literature 20 years from now is a problem with which the Children's Book Work committee, 334 Fifth avenue, is wrestling, says the New York Herald.

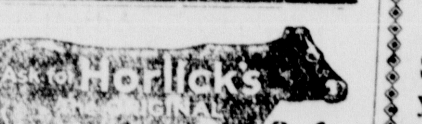

As a venture at a forecast of what may be expected, the committee cites a recent article by Miss Martha Pritchard, supervisor of school libraries in Detroit, in which she writes:

"What do we find these reading classes selecting for their voluntary choice of material to read for enjoyment? Fiction is only about one-third of the choice. Travel comes next in the usual school, though among the colored children, poetry is exceedingly popular, especially in the lower grades. Fairy tales and books of science are about equally sought, and thanks to the practice in dramatizing stories, children now ask for plays to read for fun. The children's encyclopedia volumes are frequently chosen.

"The conscious effort to bring many books into the life of each child in school belongs admirably with the idea in education, today so pronounced—that of opening many gates to the city of life. Experience to make life a real thing while he is in school," say the educators, "that is the best preparation for his future. Very good. The more books on his day's work he can handle with profit to his subjects the surer he is of becoming a wise working student in the future, and a real user of libraries, either his own or those provided by a generous public."

## CITY EXTENSION

Continued from First page  
about 100 per cent over the then city area. This new extension that the chamber asks for, he says, only seeks about 25 per cent.

The reading of the petition brought out but little comment by councilmen. It was considered too big a matter to take up at the present and Councilman F. J. Eckstein moved that the petition be referred to council as a whole and all city officials, council voting to that effect.

However, in the near future councilmen will go into a caucus and an attempt will be made to dig out more information from both sides interested, the township and the city.

Lack of city finances is going to cause no little trouble even though the extension is agreed to by all of council. There will be no funds available, and as the city is about \$10,000 short, no hopes of extension seem possible, say some members of council, until an estimate is prepared so that the cost may be known.

Point to Advantages  
One councilman stated that he believed all persons living just outside the city and who did not favor being taken into the city, should not be allowed to have city privileges, except at a fixed cost. That includes water, electric lights and fire and police protection.

The rates of property on paved roads near the corporation line is very high. It was brought out and it is believed by some members of council that the addition of such valuable property to the city would be a big asset to the city.

There are two parties in the matter. City Solicitor L. B. Harris states. One side representing the township will fight the other side, the city. If the city moves to extend the limits then the county commissioners act as an arbitrary board, and hear pleas of both sides, eventually making the first decision themselves.

## Paving Petition

Petition number two referring to the resurfacing of High st. was "placed on file" by council. The petition urged that "you (council) consider the resurfacing of High st. from Garfield to Ellsworth in conformity with the resurfacing of said street from Garfield to Highland and further to pave in a suitable manner that section of High st. lying between Ellsworth and Jennings in order that a large part of the traffic which now congests Main st. during business hours might be diverted over the new routing.

"We trust that you (council) will give this matter serious consideration and act upon it favorably if in your judgment the best interest of the city will be served by so doing." Last year residents of High st. from Garfield to Highland petitioned to have that section of the street resurfaced. The petition of the Chamber of Commerce seeks to have the resurfacing extended, but presumes councilmen say, that council has agreed to pave High st. from Garfield east.

Nothing was done with the citizens' petition because of lack of funds. And no decision was made regarding the paving of the street, other than some members expressing their selves as being in favor of such resurfacing.

Some of council stated Tuesday night that in their opinion High st. west of Garfield ave. was in fair condition and could be passed up for the present.

The part of the petition seeking some kind of paving through to Jennings was looked upon by councilmen as being foolish to attempt because of the cost of acquiring the land, and also the cost of filling the depression in the land.

## High School Notes

The boys' basketball team will practice at 6:30 this evening in preparation for the Columbiana game next Saturday night.

The Dinamo society held its regular bi-weekly meeting at 3:30 this afternoon. The ordinary business of the club was taken care of.

Re-examinations will be held next Saturday morning in Room 217 for those who failed the first semester exams.

The senior class held a meeting recently during which they picked their commencement invitations which they will send to their many friends for the exercises early in June.

A teachers' meeting was held in the principal's office Tuesday afternoon.

## DEBTOR NATIONS WILL BE PRESSED TO PAY AMERICA

Washington, Feb. 6.—Definite pressure upon debtor nations to force payment of their debts to the United States may be exerted soon by the American debt commission.

Representative Crisp, of Georgia, member of the commission, declared today that he expected to confer with Secretary of the Treasury Mellon, who is chairman of the debt commission, and that he drafted a communication to each of the debtor nations asking that they send representatives to the United States to arrange for funding of debts, according to Crisp.

Under the \$9,000,000 debt by Finland, recently approved by Congress, stands as a notice to debtor nations that the United States expects them to pay, Crisp said.

It will be suggested to Secretary Mellon, who is chairman of the debt commission, that it draft a communication to each of the debtor nations asking that they send representatives to the United States to arrange for funding of debts, according to Crisp.

Would Reduce Taxes.  
The Georgia representative pointed out that debt payment has a definite relationship to reduction of taxes.

"Today our taxes are higher than those of most of our allies," Crisp declared. "Our people are being taxed millions of dollars to pay interest on the bonds sold to raise money to loan to the allies. When these bonds were made it was distinctly understood that the borrowing nations would pay interest promptly that American tax payers might be relieved of it."

"There is no excuse for debtor nations longer refusing to fund their indebtedness. By this procrastination they are alienating the sympathy and friendship of American tax payers."

Crisp recalled France, especially for her failure to fund her \$4,000,000 debt. He declared that during last year France made loans to Poland, Yugoslavia and Roumania totaling \$60,000,000 francs.

## OBITUARY

Mrs. W. D. Oliphant  
Mrs. W. D. Oliphant, 52, of Winona, died at her home at 5:30 p. m. Tuesday after a lingering illness. She had been ill for about two years.

Elizabeth Holloway Oliphant was born and reared in Flushing, O., the daughter of Asa G. and Hannah Holloway. Mrs. Holloway was at the bedside of her daughter when she died. Mrs. Oliphant's father is dead.

Mrs. Oliphant was well and favorably known in Winona. She with her husband who survives, had lived in Winona 29 years.

A brother, H. J. Holloway, Columbus, and a sister, Mrs. Martha Harris Berkely, Calif., survive. There are also three children, John Arthur and Beulah, in Winona.

Funeral services will be held at 10:30 a. m. Friday in the Friends meeting house in Winona. Mrs. Oliphant having been a member of that church. Burial will be in the Friends laying ground in Winona.

## Smoker's Teeth Bleached White New Safe Way

No need for dull, yellow tobacco-stained teeth now. For a safe treatment—Bleachodent—Combination—bleaches away stains and makes teeth flashing white—often in just three minutes! Treatment consists of a marvelous liquid, which cures and softens the stains—removes the softened stains and prevents the formation of new stains. Safe and harmless, as its mild ingredients are especially combined to act only on surplus stains—not on the enamel itself. Only a safe, mild preparation like Bleachodent Combination should be used on children's teeth which are naturally soft and sensitive, and which are especially subject to stains and decay. Fine for the gums, too. Bleachodent Combination at a few cents at all good dealers such as F. T. Bennett, J. H. Lease Drug Co.

## STOCKS

MARKET IS FIRM  
New York, Feb. 6.—The stock market opened firm today, fractional advances being distributed throughout the list.

U. S. Steel rose 3/4 to 108 1/4; Baldwin 1/2 to 123 1/4; Pullman 1/2 to 124 1/4; Studebaker rose 1/4 to 105 1/4.

Oils were slightly irregular. Caden rose 1/4 to 29 1/4; General Asphalt 1/4 to 46 1/4; Tidewater 1/4 to 146; while Pacific Oil lost 1/4 to 57 1/4; Standard Oil of California 3/4 to 67 1/4.

Railroads were steady; Missouri Pacific preferred rose 1/2 to 35 1/4; Union Pacific 1/2 to 131 1/4 and Northern Pacific 1/2 to 55.

DAMASCUS  
When the Christian Endeavor society met Monday night at the home of Miss Ethel Ladd it had its regular monthly business meeting.

The young people's prayer meeting was held Tuesday evening at the home of Miss Ladd.

A district meeting of the Old Fellows was held here Tuesday night. The second degree was conferred on six candidates, with the Strong degree team putting on the work.

The Ladies' Aid society of the Methodist church will hold its regular monthly meeting Thursday afternoon at the home of Mrs. John Gibbs.

Class Elects Officers  
The Sunday school class taught by Miss Mary Quinn had its monthly social at the home of Miss Edna Dazell Tuesday evening. There were 15 members present.

The following officers were elected: Miss Carrie Walker, president; Mrs. Edwin Barber, vice president; Mrs. W. R. Pearce, secretary; Mrs. G. Long, assistant secretary; Miss Faye Pyle, treasurer.

After the business meeting was over the guests enjoyed games at which Miss Carrie Walker won the prize. Miss Dazell served a dainty lunch, using valentines as decorations and favors. The next meeting will be held at the home of Miss Mary Quinn.

Joseph Gumbson left for Fair Hope Ala., where he will make his home. He has sold his property here.

Mrs. Carrie Chambers returned from the Central Clinic hospital, Salem, Tuesday evening where she has been for treatment.

Mrs. Rice of Canton, is taking care of her daughter, Mrs. H. W. Zuercher, who is ill. Mrs. Zuercher is said to be improving rapidly.

Mrs. Lawrence Linton and Mrs. Mary Freeman were Alliance shoppers Tuesday.

CARD OF THANKS  
We wish in this manner to thank the Women's Relief Corps, the ladies order of K. K. K. and our neighbors and friends for their beautiful floral offerings and also for their kindness and sympathy extended us in our recent bereavement. We also want to thank the singers, Mr. and Mrs. Grant Elton, Mr. and Mrs. Edgar Derr and Mrs. Harold England.

William C. Middleton  
Mrs. Viola Otis  
Mrs. Cora Elton  
Mrs. Margaret Burkey.  
Mrs. Elda Coburn.

For Creaky Joints  
Just rub on the new application called Joint-Ease if you want to know what real joint comfort is.

It's for stiff, swollen or painful joints caused by rheumatism or not.

A few seconds' rubbing and it soaks right in through skin and flesh right down to ligament and bone.

It oils up and lubricates the joints, subdues the inflammation and reduces the swelling. Joint-Ease is the one great remedy for all joint troubles and the J. H. Lease Drug Co., Floding's drug store, Bolger & French and other live druggists are dispensing it daily—a tube for 60 cents.

SMALL BEGINNINGS  
SHOW BIG RESULTS  
Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisement in a modest way. These brought good returns which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of little ads in The Salem News either by advertisement or reader, will prove to you.

## Girl, Insane, Walks Off Ledge To Death

Columbus, Feb. 6.—Bereft of her reason and committed September 15 to the Columbus State hospital, Isabelle Tenney, 20, St. Paris, Champaign county, walked from the ledge of a four-story window last night while a nurse attendant pleaded with her to withhold.

The body will be sent to the family home today for burial.

## Schools Pause For Funeral Of Wilson

Study in all Lisbon schools ceased for five minutes at 2 o'clock this afternoon as a mark of respect for the late President Woodrow Wilson. There was no program in any of the schools, the period of silence being the mark of tribute.

## Failure to Sweat is a Fundamental Cause of Debility and Disease

There is no known method of inducing perspiration equal to the use of the Electric Light Bath. Mothers who are "all run down," children suffering from defective nutrition or poor circulation, will find the Bath a wonderful restorative of physical and mental energy. The worn-out business man will find splendid increase of mental energy—a stimulant to muscle and brain in the tonic of this penetrating, radiant energy, a help which every brain worker needs to pull him through the fog of the day. The blood is called to nourish the brain cells to the detriment of the rest of the body, but a few minutes in the Light Bath equalizes energy and does wonders to tone, rest, build and renew for the day's demands. For ten years we have made much use of the Electric Light Bath in combination with the general administration of the Sinusoidal Electric Bath. The results have been excellent.

For those wishing an Electric Bath, Salt Glow, Massage and Alcohol Rub it will be necessary to make an appointment. Office hours for Bath Department daily from 8 a. m. to 10 p. m. Chiropractic Adjustments 9 a. m. to 8 p. m. daily except Sundays and Wednesdays. Phone 558.

## G. W. Dunn, D. C.

Lady Attendant 14 Ellsworth Ave., Salem, O.

# SPECIAL SESSION

Call the assembly together if needed.

Should the legislature reconvene, Crabbe intimated, it would be possible to consider other "pressing matters," among which are financial relief for cities and a proposed amendment to the state building commission law to permit erection of additions to the capitol.

L. A. Boulay, director of the state department of highways, announced that a census of all vehicular traffic on the Ohio highway system will be undertaken for the purpose of determining the need of construction and maintenance in each locality, thus permitting a more wise expenditure of limited funds.

"Increase in traffic has outstripped available funds for construction of new roads and rebuilding of bad ones so far that it becomes necessary to take care of those first which are used by the greatest number," Mr. Boulay said.

The order, character and extent of highway improvements must be determined by probable future requirements. No road can be given state assistance unless there is economic justification for it, and consequently no road can be carried beyond a point where the savings to be effected more than offset cost of the improvement.

Observation in the traffic census will include traffic from other states and Ohio traffic will be divided into local and through vehicles.

Thousands of Ohio farmers are here this week for the annual Farmers' week at Ohio State university.

Seventeen agricultural organizations will hold meetings during the week.

The farmers' conference, the first of its kind ever held to discuss Ohio agricultural problems, promises to point the way to the future on the basis of present and past experience.

Dean Vivian of the college of agriculture, says: This conference, in which a thousand farm men and women will sit as practical agriculturists, representing every nook and corner of the state, offers a unique and practical method, in the opinion of college officials, to help the farmer solve his problems.

Opportunities afforded by this conference looking to the future of Ohio agriculture will not be confined to those who actually attend its sessions, but will be broadcast by radio all over the state. Arrangements have been made to broadcast the chief address before this conference from the university's radio station.

Other addresses given during Farmers' week will be broadcast, too, thus widening the contact of Farmers' week even to those farmers who remain at home.

Among the speakers will be President W. O. Thompson of the university; George E. Roberts, vice president of the National City Bank, New York City; Eugene Davenport, emeritus dean of agriculture, University of Illinois; Charles E. Thorne of the Wooster Experiment Station; Sidney B. Haskell, head of the Massachusetts Experiment Station, and Dean Vivian.

Last year Ohio farmers saved, by shipping livestock with cooperative livestock shipping association, an average of 50 cents a hundredweight, with the savings ranging from 35 cents to \$1.50 a hundredweight. Backing for these figures is found in the December report of the Cooperative Livestock Shipping Companies of Ohio. Summarizing for the year, B. A. Wallace, extension specialist in marketing at the Ohio State university, said:

"These companies in 1923 increased the percentage of stock handled to slightly more than a fourth of the hogs and sheep, and 10 per cent of the cattle shipped from their respective counties. The total volume of stock handled increased from 12,800,000 pounds a month in 1922 to 13,600,000 pounds a month in 1923, an increase of about 7 1/2 per cent.

Shrink on hogs fell from about 2.8 pounds to 2.61 pounds a cwt., a decline of about 1 1/2 cents a cwt. in marketing costs. Losses paid from the insurance fund on stock crippled or killed in transit were 3.1 cents a hundred in 1922 and 2.25 cents a hundred in 1923, a decline of 27 per cent.

While the cost of handling the stock rose from 67.6 cents a hundred in 1922 to 69.15 cents a hundred in 1923, or about 2 1/2 per cent, the savings on shrink and losses more than paid this increase. Also, says Mr. Wallace, the added expense was not due to lowered efficiency, but chiefly because associations shipped to more distant markets for better prices, or paid more money for better managers.

The personnel of the committee which will compile a code of specific requirements covering installation of high and low pressure steam, refrigerating and hydraulic piping and air tanks has been announced by the state industrial commission. The committee, which was selected by T. P. Kearns, head of the steam boiler and engineering division, which was approved by the three members of the industrial commission, is as follows: James L. Mason, president of the Ohio chapter of the American Society of Heating and Ventilating Engineers, Cleveland; Jerome J. Auk, chief mechanical engineer of Cincinnati; T. W. Marquis, professor steam engineering, Ohio State university; Otto S. Trott, steamfitter, Columbus; and Peter Neff, consulting engineer and specialist in refrigeration, Canton.

### MORE JURORS WILL REPORT NEXT WEEK

Because two courts will be in session next week, names of additional jurors were drawn from the wheel Tuesday, and today these were served by Deputy Sheriff George Wright. They are:

Mrs. Elsie Morrow, Wellsville; Addison V. Gilbert and Robert G. Boyd, East Liverpool; D. H. Rummell, Frank P. Trimble and L. E. Allen of Salem; Clarence Shontz and Mrs. Bessie Bookwalter of Columbiana; Albert Snowden and Strickler Hill, East Palestine; Judson Whitaker and Elmer E. Stiller, Lintonia; John G. Ewing, Cris Keller and M. C. Laughlin all of Lisbon.

These jurors will report next Monday morning for service during the week.

### FRANKLIN SQUARE

Miss Olive Bradbury spent the week-end with Mrs. Longshore in Salem.

Mr. and Mrs. Duvall, children, Miss Hazel and Gordon were Saturday evening guests of Mr. and Mrs. Wm. Walker.

Little Emma Hall fell from the organ stool and cut her face, requiring several stitches.

Miss Marie Mix is a guest of McKeesport friends.

There will be a box social at the school house evening of Feb. 15. Ladies are to bring boxes. The children will give a program before the auction of boxes.

Walter Marshall and Mrs. Price Cope were guests in the W. D. Marshall home Thursday.

Mr. and Mrs. W. O. Stewart, Lisbon, entertained the euchre club at their home last Saturday evening. Thirteen players were present and passed the evening playing progressive euchre with refreshments later.

Mr. and Mrs. Frank Greenwalt, Mr. and Mrs. Leona Delrhodes, Mr. and Mrs. Colberdash, Mr. and Mrs. Raymond Lentz, Donald Shasteen and Mrs. Lizzie Sile were guests at an oyster supper in Alliance last Saturday.

California friends have written that the body of Miss Nellie Guy, who died a few days ago from injuries received when struck by an automobile, had been cremated, that it was her wish and her wish had been complied with.

Frank Greenwalt, who is ill with appendicitis, was taken to the Salem City hospital Monday afternoon.

Mrs. Amanda Keen was transacting business in Columbiana Monday and Tuesday.

### MILLVILLE

Miss Margaret Wineland spent the week-end with Emerson Hively's at Fairview Orchard farm.

Charles Lumm is assisting in the chores at the Theodore Sult farm.

Wanda Ellen Hively has been sick for a few days.

Ernest Walton hauled a load of hay from Fairview Orchard farm to Youngstown Friday.

Allen Heiner is assisting Edward Weingard in sawing logs.

Ollie Vender was a Salem caller Saturday evening.

Emerson Hively was a Salem caller Thursday.

The coon hunters were quite plentiful through this neighborhood last week.

Lewis Fawcett has not been so well for a few days.

Letha Venable of Patmos rd., who broke her arm while on the ice a short time ago, is getting along well.

Mr. and Mrs. Frank Newsbaum and son Henry of Grandview spent Sunday with Earl Davis and family at Penns.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

### GROGER HELD UP IN STORE, ROBBED

Robber Confronts Alliance Grocer With Gun, Then Locks Him Up.

Alliance, Feb. 4. - Huge Brunt, grocer, 1105 North Walnut st. was held up in his establishment Tuesday morning by a masked man.

Brunt was alone in the store at the time and was working with his back to the establishment. When he heard the man enter he looked up, to find himself confronted with a revolver.

The robber secured between \$150 and \$160 in cash from the grocer, after which he locked him up in the store and drove away in a car.

Brunt escaped and immediately communicated with police, whom he furnished with a complete description of the man.

### HUNTS MAKE SOAP MIXING MACHINE

Continued from First page.

turing Co., also a Salem company, but merely the selling company for Hunts.

The Hydro-Mixer is a machine that comes in three sizes. Put the soap in, turn the water into it and it mixes the soap instantly. You've heard of many mixers. But this is the only machine of this type made in the country today.

For this reason business in this product is increasing with leaps and bounds each day, and Hunts look to a promising future with such a useful product to sell.

Hunts, located at 636 McKinley ave. is off the beaten path to most manufacturing plants. But this little plant of which not very much is known, is really one of the city's best, though small and wideawake industries.

The "Buckeye Electric Blue Print Machine" a product that its name

implies, is made at Hunt's in large quantities. One of the biggest selling products of the company is the "Quick-as-Whiff" hose coupling.

In addition air valves and many other things are made for steel companies and other plants throughout the country.

Business last year was near the \$50,000 mark, and a big increase is looked for this year. N. C. Hunt of the firm says:

"We are just starting in the Hydro-Mixer business, but things look good and we expect a large demand for the product. This ought to be a big year."

### Coal Stripping Co. Will Purchase Farm

A part of the former McCammon farm on the Lisbon-Lintonia rd., owned by the Hinchliffe Real Estate & Mortgage Co., and on which the M.

ler Coal Co., has an option, will it be reported, be taken over by the coal interest within a fortnight.

are 117 acres in the tract and the company has been conducting a stripping operation just north of the McCammon farm for several years. By taking over the new tract the Miller company will then have the coal under 600 acres of land in that part of Center township.

## BRINGING UP FATHER

BY GEORGE McMANUS

## Girls A Better Homemaker Than Mother, Decision

A debate on "Resolved, That the girl of today is a better homemaker than her mother of yesterday," created interest in a meeting of Greenwood grange, Tuesday evening.

Mrs. A. B. Williamson and Mrs. Charles Bush upheld the affirmative side while the negative side was defended by Mrs. A. G. Coburn and Miss Mary Pow.

The judges, Mr. and Mrs. Frank Kamper of Goshen grange, and Mrs. Robert Byrd of Dublin grange, awarded the decision to the affirmative.

A three-hour program contest between the women and men is being conducted by this grange. The women presented the program at this session. The judges in the debate are the judges for the contest. Here are the other numbers:

Piano duet, Mae Stall and Lucy Calvin; reading, Ruth Koller; short story, "The Good Fellow," Mary Pow; original humorous paper, Mae Stall; vocal solo, Mrs. A. G. Coburn; musical reading, Ruth Koller; paper on "February," Mrs. W. D. Koller; piano solo, Lois Koller; piano duet, Misses Stall and Calvin.

Greenwood grange is one of five granges in a play circuit, and at this time selected the play it will give. It is entitled, "The Good Fellow," and has 12 characters in the cast. It probably will be presented some time in March. Other granges in the circuit are: North Lima, Dublin, Ellsworth and Smith.

The men will give the lecture hour program Tuesday evening, Feb. 19.

## SOME WORDS OVERWORKED

Study of the Dictionary of Synonyms Would Vestly Improve the Conversation of Many Persons.

The sterling qualities of the active individual nowadays must shine through his conversation, his purpose, his thoughts, and those he borrows must be riveted in the hearer's mind by words which cannot be forgotten. Unfortunately many of those engaged in great purposes have lamentably failed to augment their vocabulary by reference to a book of synonyms. Thus, we are suffering from the overwork of a few words.

The idea now is to "sell" something on a plan, a state, a climate. There must be a "selling appeal," a "sales plan," and then it is sure to "go over." "Absolutely" cannot fail. You must agree "absolutely" that the weather is good, bad or indifferent or the "ethic" bound will put "kick" and "pop" into his arguments until you shout "shoot," listen and become convinced.

But having been "sold" is not enough for the builder of the "salespiece" in which you were trapped. He will want to know, must know, in fact your "reactions." Ah, the reaction! There is a word both subtle and thrilling. You can have reactions to a book, a piece of cheese, a miserable blowout or a bonfire. That is where the "pep" efficiency person must check the flow of his "sales talk" long enough to listen.

So you ask him to please pass the butter and wonder why they spend time and money printing dictionaries. —Spokane Spokesman-Review.

## RHEUMATISM PAINS QUICKLY ENDED BY RED PEPPER HEAT

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, restorative heat as red peppers. Instant relief just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion and the old rheumatism torture is gone.

Rowles Red Pepper Rub made from red peppers, costs little at any drug store. Get a jar at once. Use it for lameness, neuritis, backache, stiff neck, sore muscles, colds in chest. At most instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

TRY THE SALEM NEWS.

## IF HAIR IS TURNING GRAY, USE SAGE TEA

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous hair recipe improved by the addition of other ingredients at a small cost and ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and luster of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

### Liberty Bell Always on View.

The Liberty bell, treasured American relic, will be made visible to the public, day and night, summer and winter, under plans being formulated by Wilfred Jordan, curator of Independence hall, where the bell rests. Heretofore thousands of visitors have failed to see the famous old bell because the building is closed to the public during certain hours. Under the new plan it is proposed to place at the rear portals of Independence hall a Georgian grill of wrought iron work, so open in character that the bell may be clearly seen at all times. At night it will be illuminated with floodlights.

During his term of office the Lord Mayor of London takes the rank of an Earl, and on the death of the ruling monarch is entitled to be summoned to the death chamber.

## "Make Salem A Home-Ownning Town"

### Immediate Possession

Six-room modern house; reception hall and open stairway; hardwood floors throughout; newly papered and decorated inside and newly painted outside; new slate roof; located at 70 Rosa street, just 50 feet off the High street pavement; road lot; variety of fruit; barn that could be used for garage. This is a rare bargain at \$4,800.

### The Kennedy-McKinley Agency

Room 4, Hemmeter Bldg. Phone 680

### AN ELLSWORTH AVENUE PROPERTY

It has just been my good fortune to list with EXCLUSIVE right to sell, this good "close in" property: Six rooms; slate roof; new hot air heater; complete bath, gas and electric lights; cemented basement. This property fronts approximately 70 feet on this beautiful paved street. An unusual bargain at \$4,800. Possession April 1.

A FIFTH STREET BARGAIN  
Five-room bungalow with complete bath; coal fireplace in living room; house newly papered and painted; lot 56x140. Price only \$2,500.

## BOB ATCHISON

Phone 719

### IN A CLASS BY ITSELF

Good farm of 55 acres located on Ellsworth road, just outside of city limits. This land is in the highest state of cultivation. About 25 acres under cultivation, balance in pasture with about three acres of orchard. Not a foot of waste land. Improved with a good two-story 12-room slate roof house; hot air furnace; complete bath; electric lights; hot and cold water; bank barn 30x40 with straw shed 25x30. Ties for 10 cows, room for more. Milk house and other outside necessary buildings.

In buying this farm you have solved your school proposition. Your children get a city education at no cost. The owner has reduced his price on account of his wife's health and is very anxious to sell. Will take a city property in as part pay. If you are interested call in our office and we will be glad to show you this fine farm.

## CITY BRIEFS

**In Police Court**  
Called to Cleveland ave., by residents who reported that a man was disturbing the neighborhood near Hawley ave., Officers Gray and Kirk-bridge arrested J. H. Woods about midnight Tuesday.  
Arraigned before Mayor J. B. Schaeffer, Woods was charged with being drunk and fined \$5 and costs Wednesday.

**Eagles Receive Petitions**  
When Quaker City aerle No. 216, F. O. E., met Tuesday evening nine applications for membership were received.  
These candidates will be initiated at a special meeting Sunday afternoon, Feb. 17. The aerle will give an orchestra dance Friday evening, Feb. 15.

**Attends Conference**  
W. L. Strain, member of the Salem Rotary club's committee for crippled children's work, has gone to Washington Courthouse to attend the annual meeting of the Ohio Society for Crippled Children, in session Wednesday.

**Literary Contest**  
The men and women of the Millville Community club are having a literary contest this month.  
Program will be given by the men Friday evening while the women will present theirs on Feb. 29.

**Dorcas Society**  
The Dorcas society of Holy Trinity English Lutheran church will have a covered dish dinner at 2 p. m. Thursday at the home of Mrs. Samuel Barkley, East Sixth st.

## WOMAN OBSERVES 90TH BIRTHDAY

Post Card Shower Received From Her Friends In Every State.

Columbiana, Feb. 6.—Mrs. Barbara Rösser of North Elm st. celebrated quietly at her home Tuesday her 90th birthday. One of the features that made the celebration an outstanding affair for Mrs. Rösser and her friends was the postcard shower which she received. It is stated that cards were received from persons all over the United States all of the states being represented in the shower.

Mrs. Laura Deemer has returned from Pittsburgh where she had been spending several months with her son, Rev. Deemer and family.

John Ryan, Jr., was in Niles Sunday visiting W. O. Roller and family. Isalah Mowen was in Youngstown Sunday to hear the address given at the "Y" by J. Franklin Babb, subject, "The Way Out."

Harry Martin of Youngstown spent Sunday with his parents, Mr. and Mrs. Robert Martin, East Park ave.

Mrs. John Roller visited Mrs. Louise Linn in Youngstown Sunday. Mr. and Mrs. E. J. Roller visited Mr. and Mrs. P. C. Shaffer in Youngstown Sunday.

Mrs. Norman Esterly and son Raymond are spending several days with Mr. and Mrs. S. Greenwald, her parents, on North Elm st.

Edna and Miss Margaret Bortolotto in Washington Sunday.

Mr. and Mrs. Frank Todd and family visited relatives in Sebring Sunday.

Ida Roller spent Sunday with her parents, Mr. and Mrs. Roller of Salem rd. Miss Roller returned to her school at Greenford the first of the week.

Marjorie of Youngstown visited in the home of Mr. and Mrs. J. J. Babb over Sunday.

Herbert Hall, Columbiana, was in Leetonia Saturday visiting his parents.

Helen Todd of Sebring was in Columbiana over the week end visiting with friends.

Miss Grace Kewser was visiting friends in Youngstown over the week end.

Miss Emma and daughter of Petersburg visited with Mr. and Mrs. C. J. Bowker during the week end.

Raymond Bowker of Warren was calling on friends in Columbiana Sunday.

Dorothea McGale is ill of grip at the home of her grandmother, Mary McGale.

## VOICE WITH FIVE OCTAVES

Austrian Utters Notes Whose Vibrations Range From 42 Up to 1,740 in a Second.

At a recent meeting of the Austrian society of experimental phonetics in Vienna, Doctor Rethi presented Michael Prita, age forty-four, whose voice possesses the remarkable range of five complete octaves.

The deepest note uttered by this singer was a bass F corresponding to 42 vibrations per second and two octaves lower, therefore, than the deepest note which can be produced on the violin.

The only previous record of so low a tone in the human voice is that of a bass singer named Fischer, who lived in the early part of the eighteenth century. Prita also rendered upper C with its full artistic value.

Beyond that the notes passed into the head register and into a falsetto resembling a soprano, says the English Mechanic quoted in the Scientific American. The highest notes emitted were the upper F (demi-semi-quaver), and on exceptional occasions upper A (demi-semi-quaver), corresponding to 1,740 vibrations per second which is one note higher than the highest sung by Patti.

The population of the Philippine Islands has increased from 700,000 to 10,000,000, or more than 14-fold since 1591.

## Stomach Bad?

Big Free Sample on Request. Dr. Jackson's Digestive and Liver Powder certainly does give swift relief to acute indigestion and lasting benefit to hosts of sufferers from indigestion, dyspepsia and their long train of evil consequences of heart, sour, bloated, gassy stomach, heartburn, short breath. At most drug stores, 50c and \$1.00 and money back if first box is not satisfactory. The Jackson Medicine Company, Zanesville, Ohio.

Dr. Jackson's Digestive and Liver Powder

Gives Chin a Rest. "It says here: 'One of the idols most revered by any heathen is a figure of a woman, seated, resting her chin in her hands,'" said Mrs. Farr, reading from a book.

"Which proves they are about the wisest people on earth," suggested her husband.

"How so, Orrin?" "Well," said Mr. Farr, with emphasis, "because they make a deity of a woman who has sense enough to give her chin a rest."—Life.

## KEMP'S BALSAM

## County Rural School Spellers To Contest

Spelling Test Will Be Held April 19; Declamation Date Not Fixed.

By M. K. ZIMMERMAN

The annual Columbiana county rural school spelling contest will be held in the David Anderson High school, Lisbon, Saturday, April 19.

Date for the annual county declamation contest has not been selected, although preparatory work for the event will begin at an early date. It is quite likely, however, that the declamation contest will be held at the county fair grounds in May.

There will be two divisions in the county spelling contest, to include grades five and six, and seventh and eighth. Each school is entitled to two representatives in each division. Township spelling contests will be conducted by the assistant county superintendents, who will be assisted by the various teachers of the townships.

The number of representatives to be chosen from each township, or two room schools, for the county contest, shall be for each division, as follows: Butler, 3; Center, 3; Elkrun, 3; Fairfield, 3; Franklin, 2; Hanover, 2; Knox, 4; Madison, 4; Middlebrook, 2; Perry, 3; Salem, 3; St. Clair, 2; Washington, 2; Unity, 4; Wayne and Yellow Creek, 2 each; West, 3.

From the village and two-room schools there will be permitted only one entry in the contest from the schools of East Rochester, Hanoverton, Homeworth, Kensington, Newley, Chestnut Grove, Rogers and Bayard. There will be two entries, however, from the schools at New Waterford and Washingtonville.

In the township contests a list of 50 words shall be pronounced to each division by some one selected by the teachers. It is the results in this section, an additional list of 25 words shall be pronounced to those trying.

In the county contest 50 words will be pronounced for those in the fifth and sixth grades and 100 words for those in the seventh and eighth grades.

Words to be pronounced in the 100 word contest are to be selected from the sixth year work of the New Word Speller, and from a list of 50 words that is to be sent teachers by County Superintendent of Schools H. C. Leonard.

## Declaring Contest Rules

The county has been divided into three divisions for the declamation contest, according to Superintendent H. C. Leonard. The first division will consist of those townships along the northern line of the county, consisting of Butler, Perry, Salem, Fairfield and Unity.

The second division will consist of the center tier of townships, consisting of West, Hanover, Center and Elkrun.

The third division is composed of all the townships in the south section of the county, consisting of Washington, Franklin, Wayne, Madison, St. Clair, Liverpool, Yellow Creek.

There will be selected from these divisions two representatives and one alternate. Arrangements for the district and township contests will be made by the county superintendents.

## Spent Fortune In Search

"I spent \$1,800 in seven years treating with physicians, some specialists costing me \$10 a visit, only to find at last that nothing could be done for me, that I had cancer or ulcers of the stomach. I suffered awful pains in my stomach, but after taking a few doses of Mayr's Wonderful Remedy these all disappeared and for three years am feeling fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

## STUDY CONDITIONS OF OCEAN

Experts Constantly at Work to Discover Causes That Produce Variations Long Observed.

Weather predictions for the sea are still to come, but knowledge of the physical conditions in our waters is rapidly augmenting. On and off our coast a never-ending battle is in progress between the Labrador current with its icy freight from the Arctic regions, and the Gulf stream with its stored heat from the tropics. The chief battleground lies on and near the grand bank of Newfoundland, not far from where the Titanic found a watery grave. The contest between the rival forces is not confined to the open ocean, but is waged close to the coast and in the larger bays. It continues throughout the year, for at certain depths ice-cold Arctic conditions are to be found in late summer, almost to the southernmost tip of Nova Scotia. The variable conditions so produced are responsible for the immensity of our fishery resources, as well as for the great fluctuations from year to year in the amount of fish caught. So knowledge of the causes underlying these weather and water changes which will make their prediction possible beforehand will be of great value. The biological experts are studying the question and laying its basis for a rational series of production. They have already discovered what conditions are good for fish and lobster culture and what are not, so they know when it pays best to spread the young fry from the fish hatcheries.—Montreal Family Herald.

for the selection of representatives for the county contests.

For those from the fifth and sixth grades who will take part in the declamation contests, readings must not be more than 400 to 500 words, and from 600 to 1,200 words for those entering from the seventh and eighth grades.

Thirty-five declamation titles have been eliminated this year because of poor use. They are:

"Bill Smith," "The Sad Effects of Good Intentions," "Curfew Shall Not Ring Tonight," "Entertaining Her Sister's Beau," "The Crooked Legged Colt," "The Frolicked Face Girl," "Experience With a Refractory Cow," "The Cremation of Sam McGee," "Mr. Spookedike Explains the Weather Bureau," "The Mustard Plaster," "How We Hunted the Mouse," "Birds' Coat," "Deacon Brown's Confession," "The Ship of Faith," "Since Pa Shaved Off His Whiskers," "Mr. Brown Has His Hair Cut," "Diamonds and Treads," "Independence Bell," "College Oil Cans," "At the Soda Fountain," "Saved by Petticoats," "The Downhill Road," "The Boy's Story," "The Doctor's Story," "George and the Bear," "Pa's New Car," "The Inventor's Wife," "Minnie at the Skating Rink," "The Rich Old Maid," "Treasure Treve," "Lost and Found," "A Yankee in Love," "Uncle Daniel and the Mississippi," "Keeping a Seat at the Banquet," "The Paughty."

## RUB PAIN OUT OF RHEUMATIC JOINTS

For 55 years, millions have rubbed soothing, penetrating St. Jacobs Oil right on the tender spot and by the time they say Jack Rub-a-dub out comes the rheumatic pain and distress. St. Jacobs Oil is a hereditary rheumatic and pain liniment which never disappears and doesn't open the skin. It takes pain, soreness and stiffness from aching joints, muscles, and aches; stops swelling, lameness, backache and neuralgia. 35 cent bottle guaranteed by all druggists.

## SOME RECORDS IN THINNESS

Platinum Wire, Filament of Spider's Web and Soap Bubble at Its Dark Spot.

Platinum wire has been drawn so fine that 30,000 pieces of it placed side by side would not cover more than an inch, while 150 pieces bound together would be necessary to form a thread as thick as a filament of raw silk.

A mile of this wire would not weigh more than a grain, while seven ounces of it would extend from London to New York.

Fine as is the filament produced by the silkworm that produced by the spider is even more attenuated. If, for instance, a thread of a spider's web measured four miles, it would weigh little more than a grain.

As a soap bubble floats in the light of the sun it reflects to the eye an endless variety of gorgeous tints. Newton showed that to each of these tints corresponds a certain thickness of the substance forming the bubble; in fact, he showed that all transparent substances, when reduced to a certain degree of thinness, would reflect these colors.

Near the highest point of the bubble, just before it bursts, can be seen a spot which reflects no color and appears black. According to Newton, the thickness of the bubble at this black point is the 2,500,000th part of an inch.

## Keeping Millions Free From Colds and La Grippe

## W. H. HILL'S LIFE WORK

Colds cause more illness than any other human ailment. Realizing this, 50 years ago, W. H. Hill determined to develop a quick-acting scientifically correct cold and la grippe remedy.

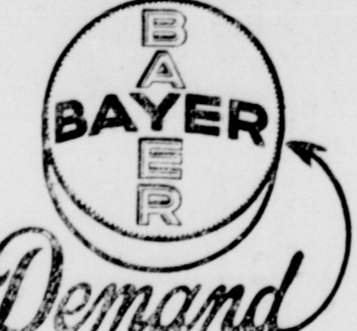

Years of research brought success. Mr. Hill discovered a most remarkable formula. He backed it with energy, faith, integrity and a name that meant "satisfaction or money back."

Today more than 4,000,000 families—one-fifth of America's population—use and recommend Hill's Catarrh Remedy Quinine. The formula has never been changed in a quarter century. What Hill's has done for millions, it can do for you. Demand red box bearing Mr. Hill's portrait. All druggists, 30 cents.

HILL'S CATARRH REMEDY QUININE  
W. H. HILL CO. SPOKANE, IDAHO

## ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for:

Colds, Headache, Toothache, Lumbago, Neuritis, Rheumatism, Neuralgia, Pain, Pain.

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets, cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monacetic-acidester of Salicylicacid.

## PETITION WOULD ANNUL DIVORCE

Fraud Is Charged In Suit Entered Against Sebring Woman.

Sebring, Feb. 6.—Attorney Alva L. Baker has filed a petition in a Youngstown court to have the divorce granted to Margaret Greer from her husband William T. Greer set aside on account of fraud. Both are residents of Sebring.

According to the petition, the divorce was obtained in Canton a year ago and the woman at that time declined all knowledge of the whereabouts of her husband, claiming she was a resident of Alliance at that time. The petition states that both parties were living in Sebring at that time. The case will be tried in Youngstown.

## Canada's Pulp and Paper.

Canadian exports of paper, wood pulp and pulp wood for the month of May, 1923, were valued at \$12,621,633, an increase of \$3,258,516 as compared with May, 1922 (in which month similar exports totaled \$9,263,117), an increase of \$2,573,985 over the April, 1923, figure of \$10,047,648. Exports of paper in May were valued at \$8,009,528, wood pulp at \$3,549,156 and pulp wood at \$1,062,949.

## Things to Know About Our Service

### What is a Public Utility?

The companies that provide electric, gas, telegraph, telephone, street car and water supply service, etc., are public utilities—public servants regulated by law.

A public utility must serve everybody alike. It can refuse no one. It must deal with all on equal terms—and usually these are fixed by the state commission or subject to its approval.

The service is so vital to life and progress that it must be continuous and uninterrupted regardless of profit or loss to the operating company.

Public utilities are owned by the people through a vast army of stockholders and controlled by the people through the state regulating bodies.

Verily this is a business "of the people, by the people, for the people."

## The Salem Lighting Co.

Street railway, telegraph and water supply systems are also public utilities.

## OPERATIONS FOR FEMALE TROUBLES

Some Are Necessary, Some Are Not These Women Gave Lydia E. Pinkham's Vegetable Compound a Trial First

Fairview, S. Dakota.—"A year ago I was sick in bed for three weeks and the doctor said I would not be any better without an operation. I had bearing-down pains and sick headaches, with pains in the back of my neck. I felt tired all the time, down-hearted, and got poor and pale and was scarcely able to do anything at all for some time before I took to my bed. The doctor said one of my organs was out of place and caused all my troubles. I was too weak and run-down to think of an operation and as one of my neighbors told me about Lydia E. Pinkham's Vegetable Compound, I began taking it. I have received great relief from it and recommend it very highly. It cannot be praised too much in cases of female weakness."—Mrs. O. M. Ring, Box 106, Fairview, South Dakota.

## New Jersey Woman Writes

Camden, New Jersey.—"I take great pleasure in writing you this testimonial. I was a great sufferer of woman's ailments and doctors told me 18 years ago that I must have a serious operation to remove some of my organs. I refused to have it done and took a full course of your medicines for six months, then after the full course I took a bottle of Lydia E. Pinkham's Vegetable Compound every week or two, also Lydia E. Pinkham's Blood Medicine every

Spring. I am well and stout and still have my organs they wanted to remove. It was while I was in the hospital that I heard your medicines praised by other patients there. I have recommended them to my friends and to my own family. You may use this testimonial far and near, from the smallest paper to the largest, and I will gladly answer letters from women who wish to know what the Vegetable Compound has done for me and what it will do for them if they give it a fair trial."—Mrs. J. Rich, 322 N. 40th St., Camden, New Jersey.

Through neglect, some female troubles may reach a stage where an operation is necessary, but most of the common ailments are not surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same.

Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound, after operations have been advised.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, over 100,000 replies were received and 98 out of every 100 reported that they had been benefited by its use. This statement is important to every woman. For sale at drug stores everywhere.

## WHY BANKS?

## LESSON IV

By J. H. PUELICHER, Chairman,

Committee on Public Education, American Bankers Association.

Formerly the saver paid to have his money kept in a safe place. Today he is paid interest by banks which keep his savings safe. Is this interest on money, saved and deposited in the bank, the only gain to the depositor from saving?

J. H. Puelicher

**MONEY SAVED AND DEPOSITED IN BANK** = funds for the banker to loan out on farm mortgages, land bank or other farm bonds; railroad, municipal or government bonds; or notes of farmers, merchants and manufacturers. Therefore

**SAVING** = assisting the farmer to raise crops; the railroads to run trains; the town, city, state or nation to build schools for the children of the depositor and his fellow citizens; or construct water works or other public enterprises.

Saving also equals helping the butcher, baker and grocer to do business so that food is brought within reach of the home; and the manufacturer to make shoes, clothing and the many things people need to live.

Every saver, therefore, is not only putting away money against a rainy day and earning interest on it meanwhile, but he is also making it possible for himself and others to have the luxuries, comforts and necessities of life,—to enjoy all the advantages of a greater and better civilization. Thus through banks every saver gains a great deal more than merely interest on his money.

## SEEK BOOKS FOR SCHOOL LIBRARY

Leetonia Teachers Decide To Ask Patrons For a Book Shower.

Leetonia, Feb. 6.—The High school and grade teachers have decided upon a unique plan for replenishing the school library by calling for a book shower by the patrons and friends of the school. Good fiction is desirable. Many books of this class are in the homes of the Leetonia people, who have read them and are now asked to pass them on to do some one else good.

**Improve Old Mill**  
The flour mill just east of town known as the old Nold mill, which has been operated by L. A. Gouffred for six or eight years, has been made an up-to-date mill. A new 500 pound feed mixer has been installed. There is also a stand of elevators that will handle 1,500 bushels of grain daily and a switch connection with the interurban lines.

The senior class is planning to give its class play soon after Easter.

**Clue To Halvestadt**  
On business trips to Cleveland and Ashtabula frequently, Charles Derr, who lives just south of town, believes he has received a clue as to the whereabouts of Bud Halvestadt who disappeared from his home near Leetonia in April, 1922, leaving his farm and stock without any one to care for them. During one of his trips he learned that a man by that name had been employed on a lake boat during 1922 by his company.

**Brother Is Ill**  
Mrs. L. D. Boyer, Charles Groner and Mr. and Mrs. W. S. Groner were called to Struthers Saturday by the critical illness of Preston Groner, brother of W. S. and Charles Groner.

Mr. and Mrs. J. Ferguson of East Liverpool were recent visitors in the home of Mr. and Mrs. George Ferguson, East Columbia st.

Mrs. Catherine Scully entertained the Misses Mary and Margaret Walsh in her home for the past week.

Mrs. Raymond Greenmeyer is spending the greater part of the week in Cleveland attending the millinery openings.

Henry Stiller of Columbiana spent Sunday morning in Leetonia.

Mrs. Frank Ginter and daughter Miss Frances, were Salem visitors Saturday.

Miss Rebecca Graner of Leetonia spent last week in the home of Mr. and Mrs. Harry Detweiler in Columbiana.

Mrs. H. B. Thomas and Mrs. Harry A. Kaufman of Salem, have concluded a visit with the latter's sister, Mrs. Eva Nettrou, East Columbia st., and returned to their homes.

Mr. and Mrs. Charles Frederick of Columbiana, spent Sunday evening in Leetonia.

Mrs. Lena Sotherland is again playing the pipe organ at St. Paul's Lutheran church after an absence for more than two years, during which time the place was efficiently filled by Wilbur Elwonger.

Fred Chase of Newark, N. J., is enjoying a visit with Mr. and Mrs. William W. Long.

Members of the Aid society of the local Methodist church were guests of Mrs. William Marshall, Thursday evening.

Donald Thorp of Columbus is spending some time visiting his sisters action of water fifty or more years.

Established 31 years.

## YELLOW STUDENTS CALLED TRAITORS

RESERVE OFFICERS' PRESIDENT DENOUNCES GROUP THAT WOULDN'T DEFEND U. S.

By EDWARD B. CLARK

Washington.—In round numbers there are 75,000 officers of the Reserve corps of the United States. Probably ninety-five per cent of these officers served during the great war and by expressing their willingness to stay in the reserve they simply served notice that their patriotism is of a kind which will make them willing to serve again in case of their country's need.

There is an organization called the Reserve Officers' Association of the United States with headquarters in Washington, of which John Ross Delafield, brigadier general in the Reserve corps, is the president. This association, composed as it is of men who have served, and self-sacrificingly are willing to serve again, is looking with dismay and disgust—disgust is the word—on the action of a group of several hundred delegates to a recent convention of an organization of students of the United States who, after their convention was over, as a minority insisted that a meeting should be called later to discuss the question of whether or not the students of America should pledge themselves to refuse in the future to aid in the prosecution of war, either directly or indirectly.

The members of the Reserve corps are civilians and not professional soldiers. They are in every walk of life. Through the president of the association has gone a telegram of protest to Dr. Joseph C. Robbins, chairman of the recent convention of students, saying that those delegates to the convention who insisted that a meeting should be called to discuss the question given above were guilty of treason to their country.

**Denounced by Delafield.**  
Now it must not be understood that this convention of students which was held recently endorsed the plea of many of the delegates that a pledge should be taken to refrain from any act of helpfulness in a war in which their country might become engaged. The main body of the delegates declined to consider the thing, but there were several hundred of them who, over the protest of the convention's chairman, called a meeting to be held on Armistice Day, 1924, for the express purpose of discussing the question given. It is known that virtually every one of the young men who demanded that this meeting be held is of a mind to refuse any kind of aid to his country in the day of its possible peril.

In the telegram, signed by General Delafield, to the chairman of the students' convention this among other things is said:

"I wish to state that every patriotic citizen condemns men or groups of men who have pledged themselves not to join in the defense of their country and its people as guilty of treason and such men are viewed with the contempt that Benedict Arnold faced not only in America, but also in England where he died in exile."

It has been known to Washington for ten years that there is an element in the student bodies of the United States which has made a point of propaganda in behalf of that kind of yellowism which would make a man see an invader destroy this country rather than to raise a hand to protect its institutions and its people—even its women and children.

**Hard to Believe, But True.**  
This seemingly from the point of view of the ordinary American citizen may seem to be an impossibility, but it is definitely known that such a movement is on and proof of it was adduced by the action which would call students together for the purpose even of discussing such a measure of obliquity and supineness.

After the United States entered the war with Germany the authorities obtained copies of letters which were sent by an alumnus of a great American college to every graduate of that institution asking him not to put on the uniform of his country and in the name of peace to refuse to engage in its defense.

It must be borne in mind in connection with the astonishment and disgust with which this action has affected the minds of ex-service men that those students who are ready to serve notice that they never will attempt to help their country are young men brought up in an American environment, knowing the beneficence of American institutions, and yet who are willing in the future to allow the country which has nurtured them run the danger of invasion and dissolution without being willing to raise a hand to avert the catastrophe. They are willing to take it lying down.

General Delafield in his telegram of protest calls attention to the fact that the abolition of war is the ideal of every right-minded citizen. It can be said from personal knowledge that there is no body of men in the United States more desirous of peace than are the members of the Reserve Officers' Association of the United States.

## Test New Freight Car

An Eastern railroad is experimenting with a freight car with a body consisting of nine steel boxes, which can be lifted by cranes to save transferring their contents and that are used in various ways.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

## Plenty Of Work Keeps Deputy Sheriffs Busy

Office And Field Deputies Make Out And Serve Many Papers.

By M. K. ZIMMERMAN

Lisbon, Feb. 6.—Odd expressions are quite frequently heard coming from the uninitiated who happen to visit the office of Sheriff Gomer Lewis, but one uttered very recently caused a smile to come over the faces of those then in the office.

"Why, I thought only the sheriff and the deputy sheriffs only made arrests," this visitor suggested and then Deputy Sheriff George Wright and Deputy Frank Ballantine got busy and pulled the business curtain aside.

"If we only had arrests to make, we'd go to sleep on the job," Mr. Ballantine, the office deputy, burst forth. "I'd just like to take you with me for a day," came from Deputy George Wright.

It may be a matter of news to many that Deputy Frank Ballantine makes out more deeds for the sale of property than any attorney or law firm in Columbiana county in any single month. He wrote 15 deeds during January, and others remained to be written when the business for the month closed.

Papers in 90 to 100 civil cases are transmitted from the office of the clerk of courts to the sheriff's office monthly.

**Issue Many Papers.**  
That's the beginning of the work of Deputy Ballantine. He has to prepare all subpoenas and summons in these cases and then he hands them over to Deputy George Wright—a dozen at a time in some instances, and they are for people scattered all over the county.

It should be remembered, however, that the work in these particular civil cases is of local origin and on top of this work is the issuing of summons and subpoenas in cases transmitted from the sheriff in another county to Sheriff Lewis. These papers have to be made out by Mr. Ballantine and likewise served by Mr. Wright.

Then come the issuing of papers for personal service in criminal and probate and juvenile cases, for which the office of the sheriff receives no return in fees whatever. Service of these papers have to be made out by Mr. Ballantine and likewise served by Mr. Wright.

On top of this work is that of preparing for sheriff's sales, and there were 15 of these closed during January. In each of these cases, the sheriff's office has to get appraiser's and then perform other work incident to the sale and the bulk of this falls upon the shoulders of Mr. Wright, the field deputy.

There is always work for the office deputy in the sheriff's office and when he is not engaged in making out papers for the field deputy to serve, he has to sell property. He also has to prepare or arrange for the order of sale to be advertised. Then there is a check-up on this phase of the business.

**Covers Much Territory.**  
While Mr. Ballantine is attending to all this clerical work, Mr. Wright is traveling out over the paved and unpaved highways of the county and to places where many have never heard of before in order to serve a summons on this person or a subpoena on another. Coupled with this service work there are the trips to Columbus state institutions to Gallipolis, Marysville, Lancaster, Lima, Mansfield, Delaware, and Canton. Then there is the trip to get a prisoner, and warrants to serve that have been received from other counties.

For Field Deputy George Wright it is from 18 to 20 hours per day frequently. During January he traveled between 5,000 and 6,000 miles to serve some one with a "slip of paper."

While all fees received by the sheriff's office from civil cases, and for work done for other county civil work are turned into the fee fund of the county monthly, fees charged on return endorsements for state and county cases are never received—yet the work has been performed just the same.

There is a lot of record keeping to be done in the sheriff's office, and that has to be kept on every penny that passes through this channel of the county court. All this work has to be looked after by Mr. Ballantine.

With all this office work to do, it is little wonder that the sheriff's office of Columbiana county uses more legal blanks than any other four counties of similar size in the state combined. And this is declared to be true by the concerns which keep the sheriff's office supplied with blanks.

## 25c Proves It

Users of cathartics, pills, oils, salts, or ordinary laxatives; also those who take the usual "indigestion remedies" or soda, can, in one hour, prove that there is a far more efficient, harmless, and pleasant way to relief.

Constipation

Biliousness

Sick Headache

Sour Stomach

Flatulence

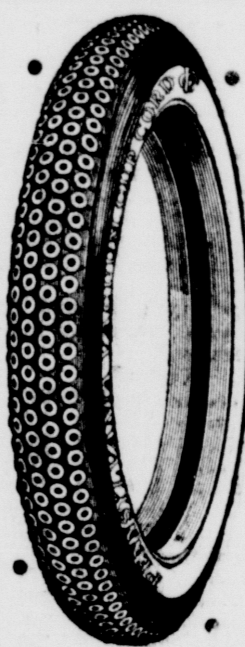

Gases

Heartburn

Phillips' Milk of Magnesia has been prescribed for over 50 years by physicians as a harmless laxative and antacid in whatever condition is attended with acidity of the stomach and intestines, with heartburn, sour eructations, sick headache and flatulence; and in other complaints attended with sour stomach, biliousness and constipation. Millions have found this to be the ideal corrective in these disorders, because it is harmless, almost tasteless, mild in operation and never causes nausea, griping or the slightest inconvenience.

## One Reason for Nervous Disorders

**YOUR** doctor can tell you that nervous disorders are very common among Americans. One reason for this is found in the fact that they are great coffee drinkers.

Coffee contains caffeine, a drug, prescribed by doctors as an emergency stimulant for the heart and nervous system. It has a tendency to increase blood pressure, develop heart irregularities and cause digestive disturbances.

If you feel that coffee is not good for you, serve Postum as your meal-time drink.

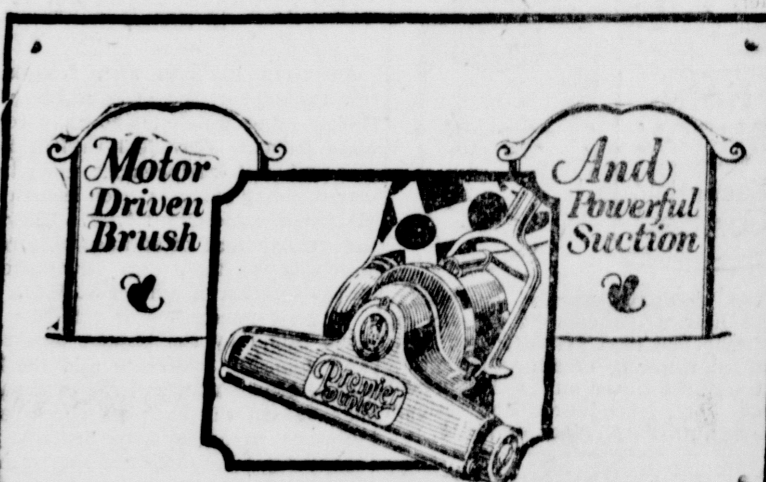

Postum is a pure cereal beverage that refreshes and satisfies. It is absolutely free from caffeine or any other irritating drug.

Try a cup of Postum with your dinner or supper tonight. Postum is sold everywhere.

## Postum for Health

"There's a Reason"

Postum comes in two forms: Instant Postum (in tin) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

## Double Action—to Clean Cleaner

Get the threads and lint that cling. Get the dust. Get the deep, embedded dirt. With the two-cleaners-in-one—the Premier Duplex.

The motor-driven brush picks up lint and shakes out dirt that suction alone can't get. And suction—strong and powerful—draws up every particle from the lowest depths. Latest and greatest on the road of progress:

## Premier Duplex

"FIRST AMONG CLEANERS"

\$12.50

Allowance for your old vacuum cleaner

## FEEL YOUNGER—DRIVE OUT ALL OF YOUR URIC ACID PAINS

LET US SEND YOU THE WILLIAMS TREATMENT

85 Cent Bottle (32 Doses) FREE

Just because you start the day "too tired to get up," arms and legs stiff, muscles sore, with burning, aching back and dull head—Worn OUT before the day begins—do not think you have to stay in such condition.

Rheumatism, kidney and bladder troubles, and all ailments caused by excessive acidity make one miserable. Be strong and well. Get rid of the "rheumatic" pains, stiff joints, sore muscles, "acid" stomach, kidney or bladder troubles so often caused by body-made acids.

If you have been ailing for a long time, taking all sorts of medicines without benefit, let The Williams Treatment prove to you what great relief it gives in the most stubborn cases. Hundreds of thousands have used it. Established 31 years.

If your sleep is broken by an irritated bladder that wakes you up every few hours, you will appreciate the rest and comfort you get from the free bottle (32 doses).

To prove The Williams Treatment conquers kidney and bladder diseases, rheumatism and all other ailments when due to excessive uric acid, no matter how chronic or stubborn, we will give one 85c bottle (32 doses) free if you send this notice. Please send 10 cents to help pay postage, packing, etc., to The Dr. D. A. Williams Company, Dept. CA-986, P. O. Building, East Hampton, Conn. Send at once and you will receive by parcel post a regular 85c bottle, without charge and without incurring any obligation. Only one bottle to the same address or family. Nothing sent C. O. D.

## TEACHER TELLS TRAVELERS CLUB OF THE ORIENT

(Continued from first page.)

school boys are ashamed of this practice which is practically a thing of the past.

Fond of Americans  
"The mountain people are fond of the Americans and love everything that is American," she said. The dress of a mountain girl was shown by Miss Miller.

Every mother weaves for her daughter one dress a year. A girl is considered extravagant if she has more than one dress at a time. Most of the school boys wear American style clothes. A married and an unmarried man is distinguished by his hat, the married man having no decorations on his. Miss Miller had one of these hats included in her exhibit.

An impressive instance related by Miss Miller was of a school she came upon while on a trip up in the mountains. It was about 400 miles from any town. She stated that after the children found they had visitors, although the school session had closed, they wanted to go back into the house and have class. She watched them at play on an athletic field near the school and stated that she had never seen in the American schools such a spirit of good play and sportsmanship displayed.

See Interior China  
In speaking of China, where Miss Miller taught in a men's university for six months, she said, "If you are going to see China, get away from the ports."

The Chinese are wonderfully good natured and have a sense of humor, the speaker told her audience. "They are the most human people I have ever known." A trip back into the country reveals that there is still some practice of footbinding and superstition is much in evidence.

One day when Miss Miller asked one of the boys in the university why he wore just one earring he replied, "If a boy wears an earring the devil will think he is a girl and leave him alone."

While Miss Miller did not speak on her visit in Egypt in her exhibit was a costume that the men wear in that country.

## HAIR STAYS COMBED, GLOSSY

Greaseless Combing Cream Costs Few Cents a Jar at Drug Store

Even obstinate, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair. Not sticky, greasy or smelly. Fine for hair!

### CODE OF MEN IN GOLD FIELDS

No Miner Was Permitted to Hold More Land Than He Could Work.

The mining code devised by the men first in the Western gold fields—whether by unwritten agreement between partners or less formal conclusions of a miners' convention—was most "democratic," says the Detroit News. The universally recognized principle allowed every man the usufruct of as much land as he could work to advantage, and the dimensions of a claim varied from 10 to 100 feet square, according to the quality of the "dirt," the difficulty of working and the number of miners in the field. The discoverer of the bar was, however, entitled to first choice to double the usual portion.

A man's title held only so long as he worked the claim. A certain amount of earth must be taken out each week, and an absence of five consecutive days might entail forfeiture. The claim, if proved valuable, was staked out and a notice of ownership posted. But a tool left on the spot was sufficient evidence of occupation. Originally no man might hold more than one claim, but purchase made possible the ownership of considerable tracts.

## HEALING CREAM IS A QUICK RELIEF FOR NASTY HEAD COLDS

Colds and catarrh yield like magic to soothing, healing antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely. Hawking and snuffling stop. Don't stay stuffed up and miserable.

Get a small bottle of Ely's Cream Balm from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years.

## HIGH TEAMS PLAY COLUMBIANA HERE SATURDAY NIGHT

With a layoff of over a week, the Salem High Boys and Girls basketball teams will get into action Saturday night with Columbian High's two teams here for a visit.

For some weeks "Gym Lake" has been the source of much conjecture on the part of High school officials. It—the water—was in one day, out the next. But now with the water six or seven inches below the level of the floor, and some repairs having been made to the damaged floor so that the games can be played, cheers will resound again in the gym this week, and Salem fans are glad.

Prospects of no games all season loomed as a black cloud on the horizon, not only for fans who pack the gym every time there is a game on, but for the teams.

Rohrbaugh's Girls are giving promise of coping the state championship, as they hope to defeat Struthers later, and that team is claiming the state title. Also there isn't a team in the county that can near compare with the Salem Girls unless it is Columbian, the attraction this week.

At Columbian both Salem teams won, while the Columbian Girls lost here in an exhibition game.

Saturday, Richtman's crew will have to extend themselves to win. And the Girls will not have a tea party either with the Red and White.

## TIGERS PILE UP BIG SCORE, WIN FROM HAMMERMAN

The Salem Tigers handed the Hammerman team a two out of three game defeat in Calladine's alleys Tuesday night when the Tigers crashed the pins for 2659, while the Hammerman outfit was only able to gather 2450.

C. Shephard with 226 and Teagle rolling 220 aided materially in piling up the Tigers lead.

### NO GREEN PAPER ENVELOPES

Bar Placed on Them by Official of the Post Office Department Is to Stand.

American business men frequently run up against some federal regulation or other which temporarily vexes them because they feel that it is a governmental infringement upon their way of doing business, even though the matter is generally trivial. They do not realize that oftentimes this regulation is for their own advantage or in the interest of human welfare.

A good illustration of this has just been found by the bureau of foreign and domestic commerce and the Post Office department, and the explanation has caused the business concerns interested to agree most heartily that the federal regulation should stand.

This illustration was with regard to the use of green paper in "window envelopes," which are now extensively utilized by American business houses.

A circular, issued last January by the office of the third assistant postmaster general, says that "the stationery used in window envelopes, or at least that portion upon which the address appears, must be white or, if colored, of a very light tint or shade. The use of dark-colored stationery is not permissible."

The rules and regulations division of the Post Office department states that "green is probably the most difficult color for the mail distributors to handle under the trying conditions under which they have to work."

Not only is the British sovereign barred from the house of commons, but it is against the rules of that body for the king's name even to be mentioned in debate.

## AMERICAN LEAGUE DATES ANNOUNCED

In the 154 game schedule of the American League for the coming 1924 season released today by B. B. Johnson, president of the league, the season opens April 15 with Cleveland at Detroit, St. Louis at Chicago, Philadelphia at Washington, and New York at Boston, and the season closes Sept. 30, a week earlier than last year.

Washington gets the most Saturdays, Sundays and holidays at home, having 11 Saturdays, 15 Sundays, July 4, and Labor day scheduled. If you go to Cleveland you will find the Indians home 12 Saturday, 14 Sundays and Memorial day. The first at home game for the Indians is April 23 when Detroit starts a three-day series. The last game of the season at Cleveland is Sept. 28 with St. Louis the attraction.

## BANS JOHNSON AS SPECTATOR AT BOXING BOUT

Youngstown, Feb. 6.—Mayor Scheible today put a virtual ban on the appearance of Jack Johnson former heavyweight champion, of the Jack Ward-Bob Lawson match to be conducted by the Washington A. C. tonight.

The mayor in a letter to Dr. J. S. Cross, boxing commission chairman, puts the matter up to the commission and recommends that the clubs permit be revoked if Johnson is allowed to be even "in attendance," at the affair.

The mayor's letter says in part: "It is my judgment that the unsavory national reputation of Jack Johnson would not add to the respectability of our city to a man like Johnson would be an affront to many of our citizens, including the decent womanhood of Youngstown."

In conclusion the mayor urges revocation of the club's permit if Johnson is present.

Johnson would not add to the respectability of our city to a man like Johnson would be an affront to many of our citizens, including the decent womanhood of Youngstown."

In conclusion the mayor urges revocation of the club's permit if Johnson is present.

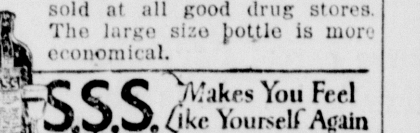

**Firm, Plump Flesh!**

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

## KELLOGG LIBRARY WILLED TO MOUNT

Alliance, Feb. 6.—The late Dr. Hiram W. Kellogg, former chaplain of the state reformatory at Mansfield, has willed to Mt. Union college his private library of nearly 1200 volumes.

The collection is general in scope, covering such subjects as literature, history, biography, religion and sociology. There are several valuable books dealing with the "boy problem." Dodsley's "Collection of Poems by Several Hands" is also found in the list. Robert Dodsley was a noted bookseller and publisher of the 18th century who was closely connected with Johnson, Pope, Young, Walpole and Goldsmith. It was he who bought Johnson's "London" for ten guineas. Mt. Union is fortunate in being the recipient of this large and useful collection, and the gift is a splendid evidence of devotion of the college on the part of the donor who was an alumnus of Mt. Union in the class of 1894.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping, cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.
